A Conference on:

Air Quality, International Trade & Transportation – *Challenges & Solutions*

Save these dates! September 9-10, 2004

Maritime interests, California ports, government agencies and others will convene in San Pedro to identify efforts to improve air quality at California ports and to discuss collaborative strategies to do more.

Participation in this important conference will be limited, so register early. Registration information will be available at **www.pmsaship.com** and elsewhere beginning in May.
