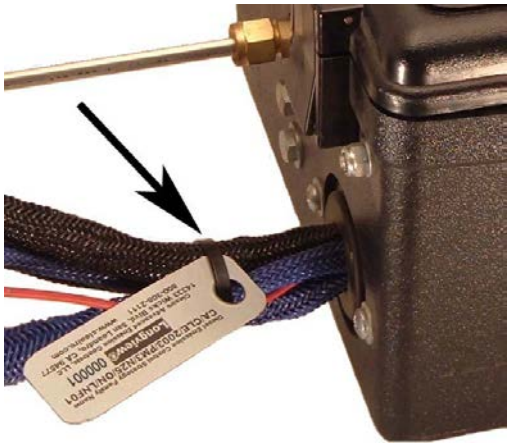
Labels for the ESW CleanTech LongMile-S System
Relating to Executive Order Series DE-12-007
Effective Date: May 16, 2013

Notes:

- Month and year of manufacture are not included. This information is readily obtained from ESW CleanTech by reference to the serial number.

- The labels that are attached to the LongMile-S and engine are identical. The figures below illustrate typical installations: one on the electronic controller's wiring harness, and the other on an engine stud (for illustrative purposes only: Please disregard the information shown on the labels in the figures).



Additional System Labels

The following is a sample of the replacement label:

The following sample label is permanently attached to the diesel particulate filter:

The following sample label is permanently attached to the diesel oxidation catalyst:
