Ray Beltz

My name is Ray Beltz. I'm a student at Mandela high School. I've lived in Oakland for 18 years now, hearing that my street is a large trucking route. Scares me but also my family. I have a little brother and mother with asthma. I'm more affirmed for them because I want them to live a life of happiness but if the trucks keep producing that much exhaust my family will be more at the hospital. We need a truck rule that protects community health to ensure our safety and protect our earth.
