November 6, 2001

Dear Sir or Madam:

I am writing to inform you of a workgroup meeting to discuss the Air Resources Board's (ARB) plan to develop an airborne toxic control measure (ATCM) for composite wood products. We have scheduled the meeting for November 14, 2001.

At the meeting, we will present our current activities and progress on the development of the composite wood product ATCM. We also plan to present a summary of comments received on our draft product survey. The survey will help us assess the current impacts of composite wood products, and assist us in understanding the process technology. An agenda for the meeting is enclosed.

Please refer to our website (http://www.arb.ca.gov/toxics/compwood/compwood.htm) for more information about the composite wood product ATCM and draft product survey.

The time and location of the meeting is:

Date:	November 14, 2001
Time:	9:30 AM – 12:00 PM
Location:	Cal/EPA Headquarters Building Air Resources Board Sierra Hearing Room, 2nd Floor 1001 I Street Sacramento, California 95814

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Website: http://www.arb.ca.gov.

Teleconferencing will also be available for the meeting. To connect to the meeting, please call **(888) 566-5784** and provide the passcode: **16257**. This facility is accessible to persons with disabilities. Persons with hearing or speech impairments can contact us by using our Telephone Device for the Deaf (TDD) at (916) 324-9431, or (800) 700-8326 for TDD calls from outside the Sacramento area. Please call Robert Krieger at (916) 327-5615 if you plan to attend via teleconferencing, if special accommodation is needed, or if you have questions regarding the meeting.

Sincerely,

Janette Brooks
