

Air Resources Board AB 32 Scoping Plan
Economic Analysis Technical Stakeholder Working Group Meeting

March 17, 2008

9:00 a.m. to 12:30 p.m.

Coastal Hearing Room, 2nd floor of the Cal/EPA Headquarters Building
1001 "I" Street in Sacramento, CA

This is the third in an ongoing series of economic analysis technical stakeholder meetings.

A general description of the five scenarios considered in this first phase of economic modeling was discussed at a prior meeting held on February 6th. The handout provided at that meeting, which includes this description, is available here:

http://www.arb.ca.gov/cc/scopingplan/pgmdesign-sp/meetings/020608/2_6_08_programdesign_handout.pdf

The specific focus of the March 17th meeting will be to consider, in greater detail, how the core measures will be incorporated into the models. The meeting will also include some discussion of how the different policy scenarios will be modeled.

Additional materials and an agenda will be posted prior to the meeting at ARB's Climate Change web page for the economic analysis technical stakeholder meetings (<http://www.arb.ca.gov/cc/scopingplan/economics-sp/meetings/meetings.htm>) and made available in hard copy at the meeting. At this website, you may also join our electronic mailing list to receive further notices of ARB activities and public meetings related to the implementation of AB 32.

The results of this first phase of modeling will be presented to the public at the AB 32 Scoping Plan workshop scheduled for April 17th. Materials for that workshop will be available through the AB 32 Scoping Plan Workshop series web page (<http://www.arb.ca.gov/cc/scopingplan/meetings/meetings.htm>).
