October 14, 2009

Dear Sir or Madam:

The Air Resources Board (ARB/Board) staff invites you to participate in a public workshop to discuss a proposed regulatory concept for a Renewable Electricity Standard (RES). The RES would reduce greenhouse gas emissions by increasing the percentage of electricity generation provided by eligible renewable resources. The regulatory concept is designed to implement Governor Arnold Schwarzenegger’s Executive Order (EO) S-21-09. This EO directs the Board to adopt a regulation consistent with a 33% renewable electricity standard by July 31, 2010. ARB is developing the RES in cooperation with the California Public Utilities Commission, the California Energy Commission, and the California Independent System Operator.

This is the first in a series of public workshops. An agenda for the workshop is attached. Staff will use the information gathered at this, and subsequent workshops, to develop the RES and supporting rulemaking documents. The Board is scheduled to consider the RES at its July 22-23, 2010, meeting.

The public workshop will be held at the time and location shown below:

Date:     Friday, October 30, 2009
Time:     9:00 a.m. - Noon
Location: Cal/EPA Building
          1001 I Street, 2nd Floor
          Byron Sher Auditorium
          Sacramento, CA 95814
Directions:  http://www.calepa.ca.gov/EPABldg/location.htm

**Webcast Information**
For those unable to attend the workshop in person, a live video/audio webcast will be available beginning at 9:00 am on October 30, 2009, at: http://www.calepa.ca.gov/broadcast/?BDO=1. During the workshop, the webcast audience may submit questions and comments using the following e-mail address: auditorium@calepa.ca.gov.
