Comment:

To whom it may concern:

RRI Energy, Inc. (RRI) appreciates this opportunity to provide comments to CARB on its "Proposed Regulation for Energy Efficiency and Co-Benefits Assessment of Large Industrial Facilities," to be considered for approval by the Board during its meeting on Thursday, July 22, 2010.

RRI supports the use of calendar year 2009 greenhouse gas (GHG) emissions—the first year of GHG data collected by CARB through its mandatory reporting program that will be verified—for determining applicability with the regulation.

Please contact me at (702) 407-4861 if you have any questions regarding this matter.
