Subject: mandatory deadline surplus

Comment:

The new guidelines are rendered useless by the three year surplus to the mandatory compliance.

Please amend surplus, at least, to two years (as it is proposed for owner operators respective to gmbond).

Otherwise the concept of a new Fleet Mod has been an unfathomable waste of time and money and an extension of pollution.

Comment:

To Board,

Can you consider using the Moyer funds for purchase of new equipment? If the calculations show that the incentive is 25% of the new equipment purchase, wouldn't it be better for the public, to use its funds toward new, safer, equipment?

Thank you, Chris Torres

Comment:

In Glenn County The county handles the program and they are using the funding for county equipment. \$200,000.00 (only) as of Febuary 15th there was no money left for the year. This is not fare. How can a non bias agency hand out the funding?. If you want us to comply, we need more money up here.
