Air Resources Board

Executive Order G-10-031

Relating to Essential Modifications Exemption under California Code of Regulations, title 13, section 2299.2(g) and title 17, section 93118.2(g)

Majestic Maritime Co. Ltd.

WHEREAS, pursuant to sections 39600, 39601, 41510, 41511, 43013, and 43018 of the Health and Safety Code, the California Air Resources Board (ARB) has established requirements for ocean-going vessels (OGV) to use marine gas oil (DMX or DMA grades) or marine diesel oil (DMB grades) at specified sulfur limits in the main engine, auxiliary engines, and auxiliary boilers within a 24 nautical mile zone of the California Coastline; these requirements are found at California Code of Regulations (CCR), title 13, section 2299.2 and title 17, section 93118.2 (OGV Fuel Regulation);

WHEREAS, subdivision (g) of the OGV Fuel Regulation authorizes the Executive Officer to provide an exemption in whole or part from using the specified fuels provided that a person submits an Essential Modification Report that: (1) includes information demonstrating it is not feasible to use the specified fuels unless essential modifications to the OGV are made; and (2) identifies the maximum extent with respect to trip distance or regulated equipment type to which the vessel can use the fuels without essential modifications where feasible and safe for each of the auxiliary engines, main engines, and auxiliary boilers;

WHEREAS, Majestic Maritime Co. Ltd. submitted an Essential Modification Report dated March 29, 2010, and additional supporting materials also dated April 12, 2010 requesting an essential modification exemption for the following vessel and equipment listed in Table 1;

Table 1. Vessel and Auxiliary Boiler Information

Owner/Operator	Ship Name	IMO	Auxiliary Boiler Make and Model	Quantity
Majestic Maritime Co. Ltd.	CSK Valiant	9267364	Mitsubishi Heavy Industries MAC-55B	1

WHEREAS, the Essential Modification Report states that the CSK Valiant could not use the fuels specified in the OGV Fuel Regulation in the auxiliary boilers as listed in Table 1 without essential modifications;

WHEREAS, Majestic Maritime Co. Ltd. stated it is planning on making the modifications to the CSK Valiant to enable the vessel to use the required fuels in the auxiliary boilers;

WHEREAS, ARB has reviewed the Essential Modification Report and additional supporting materials provided by Majestic Maritime Co. Ltd., and determined that the submissions satisfactorily demonstrate that essential modifications are necessary for the auxiliary boilers on the CSK Valiant to fully comply with the fuel use requirements in the OGV Fuel Regulation;

WHEREAS, based on the determinations described above, the CSK Valiant qualifies for an essential modification exemption for the auxiliary boilers;

NOW, THEREFORE, IT IS ORDERED, Majestic Maritime Co. Ltd., is granted an exemption from the fuel use specifications set forth in subdivision (e)(1) and from the recordkeeping, reporting and monitoring requirements in subdivision (e)(2) of the OGV Fuel Regulation for the auxiliary boilers on the CSK Valiant, subject to the limitations and conditions in this order and the OGV Fuel Regulation;

BE IT FURTHER ORDERED, the CSK Valiant shall comply with the fuel specifications set forth in subdivision (e)(1) and the recordkeeping, reporting and monitoring requirements in subdivision (e)(2) of the OGV Fuel Regulation for the main engines and auxiliary engines in the CSK Valiant;

BE IT FURTHER ORDERED, that if the OGV Fuel Regulation is amended to modify any provisions relating to the essential modification exemption, the Executive Officer may revoke or modify this essential modification exemption as necessary to bring it into conformance with the revised regulation;

BE IT FURTHER ORDERED, if the Executive Officer issues written findings that federal requirements are in place that will achieve equivalent emissions reductions within the Regulated California Waters pursuant to subdivision (j) of the OGV Fuel Regulation, the Executive Officer shall revoke this exemption upon notice to Majestic Maritime Co. Ltd.;

BE IT FURTHER ORDERED, if the Executive Officer determines that the essential modification exemption is no longer warranted, the Executive Officer may modify or revoke this exemption after providing 30 days written notice to Majestic Maritime Co. Ltd. of its intent to modify or revoke the exemption;

BE IT FURTHER ORDERED, if the essential modifications that are the basis for this exemption are made voluntarily, or due to other regulatory requirements, or for other reasons, then this exemption terminates and the auxiliary boilers on the CSK Valiant must use the required fuels while in Regulated California Waters, and Majestic Maritime Co. Ltd. must provide ARB with immediate written notification that modifications have been made;

BE IT FURTHER ORDERED, the Executive Officer encourages Majestic Maritime Co. Ltd. to voluntarily make the essential modifications noted above to the CSK Valiant and to use the specified fuels in the OGV Fuel Regulation while in California Regulated Waters to benefit the health and welfare of California's citizens.

Executed at Sacramento, California this 15 day of April, 2010
