AIR RESOURCES BOARD

Executive Order G-00-067

WHEREAS, on April 27, 2000, the Air Resources Board (ARB or Board) conducted a public hearing to consider the adoption of regulations for an Airborne Toxic Control Measure for Emissions of Chlorinated Toxic Air Contaminants from Automotive Maintenance and Repair Activities, as set forth in the Staff Report: Initial Statement of Reasons released to the public on March 10, 2000;

WHEREAS, following the public hearing on April 27, 2000, the Board adopted Resolution 00-11, in which the Board approved new section 93111, title 17, California Code of Regulations, with modifications set forth in Attachment B thereto;

WHEREAS, the Board in Resolution 00-11 directed the Executive Officer to adopt new section 93111, title 17, California Code of Regulations and the modifications as described in Attachment B thereto, after making the modified regulatory language available for public comment for a period of 15 days; provided that the Executive Officer was directed to consider such written comments as were submitted during this period, make such modifications as were appropriate in light of the comments received, and to present the regulations to the Board for further consideration if he determined that this was warranted;

WHEREAS, the approved regulations, with modifications to the originally proposed text clearly indicated, have been made available for two public comment periods of 15 days in accordance with the provisions of title 1, California Code of Regulations, section 44;

WHEREAS, the written comments received during the supplemental 15-day public comment periods have been considered by the Executive Officer and did not require substantive modification of the proposed regulations or reconsideration by the Board.

NOW, THEREFORE, IT IS ORDERED, that the recitals and findings contained in Resolution 00-11 are incorporated by reference herein.

IT IS FURTHER ORDERED, in accordance with Resolution 00-11, that the addition of section 93111 in title 17, California Code of Regulations, and the document incorporated by reference entitled "Air Resources Board Test Method 310, Determination of Volatile Organic Compounds (VOC) in Consumer Products," are hereby adopted as set forth in Attachment 1 to this Order.

Executed this 21st day of February 2001, at Sacramento, California.

Michael P. Kenny
