# Equipment & Process Precertification

California Environmental Protection Agency

Air Resources Board

## Equipment and Process Precertification

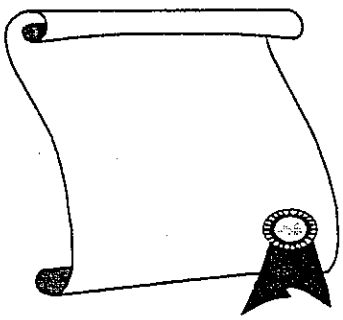
- What is Equipment Precertification?
- Why Precertify Equipment?
- Who Participated in Developing Precertification?
- What is in the Proposed Regulation & Criteria?
- How will Equipment be Precertified?

## What is Equipment Precertification?

- Performance Precertification
  - ARB Evaluate & Verify Performance
- Regulatory Precertification
  - Districts Evaluate Local Compliance
  - ARB Identify State / Federal Regulations
- Cross-Media
  - Department of Toxic Substances Control
  - Office of Environmental Technology

## Why Precertify Equipment?

- Streamline Permitting Process
- Promote Innovative Technology
- Encourage Uniform Permits
- Legal Requirements
  - Air Pollution Permit Streamlining Act
  - CHSC section 39620 (AB 3215)



## Why Statewide Precertification?

- Standardized Evaluations
- Expedite Local Permitting Programs
- Central Information Access
  - Internet Web-Page
  - Computer Bulletin Board System

## Who Participated in Developing Precertification?

- Local Air Districts
  - CAPCOA Permit Streamlining Sub-Committee
- Industry
  - Industry Groups
  - California Environmental Business Council
- Cal/EPA Boards & Departments
  - Inter-Agency Task Force
  - Office of Environmental Technology

## What is in the Proposed Regulation & Criteria?

- Regulation
  - Addition of Criteria Location
  - Non-Substanitive Change
- Criteria
  - Process & Requirements
  - Administrative Procedures
  - Fee Structure

## How will Equipment be Precertified?

- Pre-Application Procedures
- Application & Testing Requirements
- Evaluation of Test Reports
- Issuance of Documentation

## Pilot Program

- Evaluate Proposed Regulation
- Issue Precertifications
- Precertified Priority Equipment Categories
- Reciprocity with District Programs

## Equipment and Process Precertification

- Mandated By Law (CHSC 39620)
- Developed in Open Forum
- Streamline Permitting Process
- Promote Innovative Technology
- Encourage Uniform Permit Conditions
