Subject: Proposed Amendments to the California Consumer Products Regulations 6/25/08;
Board Agenda Item # 08-6-5

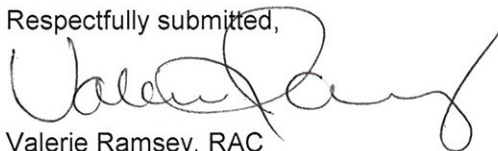

Dear Board Members:

The C.B. Fleet Company provides people across the world with easy-to-use, innovative personal health and beauty care products. Founded as a small family-owned pharmacy C.B. Fleet has grown to become a global company, with a variety of products in over 100 countries.

Fleet appreciates the opportunity to comment on this regulation. In conversations with the staff, we support the staff proposal to change the Personal Fragrance definition. The definition is being modified to provide clarity that personal hygiene products are not included into this category. This is consistent with the 2001 survey definition for Personal hygiene products. This change will provide clarity for the manufacturer as well as the ARB.

Thank you in advance for your attention to this issue. If there are any questions or comments please feel free to contact us or our consultant Doug Raymond from Raymond Regulatory Resources at 440-474-4999 or djraymond@reg-resources.com.

Respectfully submitted,

Valerie Ramsey, RAC
