**RE: Comments on the Second 15-Day Package for the "Regulation for the Mandatory Reporting of Greenhouse Gas Emissions".**

Dear Dr. Bode:

As you know, the Western States Petroleum Association (WSPA) has been an active participant in the work surrounding the Mandatory Reporting requirements. We appreciate the effort that the California Air Resources Board (CARB) has made in addressing concerns that have been expressed.

WSPA has reviewed the changes made in the second "15-day" notice (dated June 30, 2008) for the "Regulation for the Mandatory Reporting of Greenhouse Gas Emissions". We have no additional comments on this set of changes, but as we discussed earlier, there are a number of remaining issues from our comments on the first "15-day" notice (dated May 15, 2008) that we believe warrant clarification in your planned compliance guidance document.

We look forward to working with you to clarify these remaining issues. If you have any questions, please don't hesitate to call me at this office or my staff, Mike Wang, at (310) 808-2149.

Sincerely,
