

# Drayage Truck Registry Label Sample Packet **UPDATED February 16, 2012**

**This packet has been updated to reflect the issuance Class 7 drayage truck stickers**

Labels are issued to truck owners by request during truck registration in the Drayage Truck Registry (DTR). Labels are optional and compliant trucks may not display labels. Please visit our website to view a truck's compliance status.

## Label Facts

- Labels must be affixed to outside truck driver's door.
- A label is not valid if:
  - It is laminated
  - It is affixed with anything other than the label's original adhesive (e.g. scotch tape, duct tape, magnet backing, etc.)
  - It is removed, altered, or placed on incorrect vehicle

## Security Features

- Background on label front is reflective.
- Label fractures easily when removed.
- Each label number and barcode is assigned to a specific truck. A truck / label combination can be verified through the drayage truck registry.
