WHEREAS, the Air Resources Board (ARB) has adopted the "Airborne Toxic Control Measure to Reduce Formaldehyde Emissions from Composite Wood Products" (the "ATCM"; title 17, California Code of Regulations, sections 93120 – 93120.12), which establishes formaldehyde emission standards for composite wood products;

WHEREAS, section 93120.3(b) of the ATCM requires that manufacturers of composite wood products must verify compliance with the formaldehyde emission standards by using a third party certifier approved by ARB;

WHEREAS, section 93120.4 of the ATCM sets forth the process for the ARB Executive Officer to approve third party certifiers;

WHEREAS, section 93120.4(b)(1) of the ATCM requires that applications to become ARB-approved third party certifiers must be submitted to the Executive Officer in writing and must contain: 1) evidence of actual field experience in the verification of laboratories and wood products, to demonstrate how applicants will be able to competently perform the requirements for third party certifiers of composite wood products listed in section 93120.12, Appendix 3, of the ATCM; 2) evidence of the ability to properly train and supervise inspectors; 3) evidence of a current "product certification agency" accreditation; and 4) a list of the composite wood products that the applicant is applying to verify and evidence that the applicant is qualified to verify these products;

WHEREAS, Intertek Testing Services, Shanghai (ITS-SH or the "applicant"), submitted an original application dated December 10, 2008, that was deemed complete on September 24, 2009;

WHEREAS, ITS-SH was issued Executive Order W-09-031 to reflect operations of their certification program on December 3, 2009;

WHEREAS, because of the applicant's request, dated December 10, 2009, to update their Executive Order to reflect current operations of their certification program, Executive Order W-09-031 was superseded by Executive Order W-09-031A, signed on February 10, 2010;

WHEREAS, section 93120.4(b)(4) of the ATCM allows ARB-approved third party certifiers to apply for re-approval to ARB by submitting an updated application;

WHEREAS, ITS-SH submitted an updated application for re-approval to ARB on January 20, 2012;

WHEREAS, the updated application for re-approval from ITS-SH was deemed complete on March 9, 2012;

WHEREAS, the Executive Officer finds that the completed, updated application demonstrated the third party certifier's ability to continue to comply with section 93120.4(b)(1); and

WHEREAS, the Executive Officer approved ITS-SH's request for re-approval, and it is appropriate that Executive Order W-09-031A be superseded by this Executive Order W-12-031.

ITS-SH shall not use a subcontractor, unless the Executive Officer approves the request in writing.
4. ITS-SH shall immediately notify the Executive Officer if any accreditation or certification provided in support of their initial application is renewed, allowed to expire, or revoked within the duration of this Executive Order.

BE IT FURTHER ORDERED that this Executive Order W-12-031 supersedes Executive Order W-09-031A, which was issued on February 10, 2010.

BE IT FURTHER ORDERED that this Executive Order shall have a duration of two years from the date it is executed; within 120 days of the expiration of this Executive Order, the third party certifier may apply for re-approval by submitting an updated application to the Executive Officer as provided in section 93120.4 of the ATCM.

BE IT FURTHER ORDERED that the Executive Officer may review and, for good cause, modify or revoke this Executive Order as provided in section 93120.4(d) of the ATCM.
