

LASSEN COUNTY AIR POLLUTION CONTROL DISTRICT

RULE 2:14 MONITORING REQUIREMENTS

ADOPTED 10/01/1971, AMENDED 01/11/2011

1. Any applicant or permit holder, subject to the monitoring provisions of Rule 2:11 Further Information, shall provide, install, calibrate, and maintain and operate continuous measuring and recording equipment as specified by the Control Officer.
2. Measuring instruments shall meet minimum standards of measurement accuracy, calibration procedure and calibration frequency as specified by the Control Officer.
3. The recording section of such measuring instruments shall be installed in a location subject to frequent operation surveillance or be equipped with suitable alarm devices.
4. The information recorded shall be summarized and reported to the District in the manner and form as prescribed by the Control Officer.
5. Monitoring records shall be retained by the owner for a period of not less than two years.
6. District personnel shall inspect and confirm calibration or measuring instruments, as necessary.
7. Any violation of an emission standard, ambient air quality standard, or breakdown of emission measuring instruments, shall be reported to the District in accordance with the provisions of Rule 4:22, Equipment Breakdown.
