Topic: Public Meeting on CCAR Livestock Project Reporting Protocol

Dear Sir or Madam:

The staff of the California Air Resources Board (ARB) invites you to participate in a public meeting on Friday, July 11th to discuss the California Climate Action Registry's (CCAR) Livestock Project Reporting Protocol. This protocol provides a methodology for determining the greenhouse gas benefits of using an anaerobic manure digester to capture and combust methane from manure. This meeting will cover proposed updates to the CCAR protocol and the process for taking the CCAR livestock project protocol to the Air Resources Board for approval later this year.

The meeting will be held at the time and location shown below:

DATE: Friday, July 11, 2008
TIME: 10:00 am to 1:00 pm
LOCATION: Cal/EPA Headquarters Building
Coastal Hearing Room
1001 I Street, 2nd Floor
Sacramento, California 95814

As a result of ARB's continuing effort to increase accessibility and public participation, the public workshop will be broadcast on the internet at <http://www.calepa.ca.gov/broadcast/?BDO=1>

Materials for the meeting will be posted prior to the meeting at the ARB's Manure Management Protocol website (<http://www.arb.ca.gov/ag/manuremgmt/protocols/protocols.htm>) and made available in hard copy at the meeting.

If you have a disability-related accommodation need, please go to <http://www.arb.ca.gov/html/ada/ada.htm> for assistance or contact the ADA Coordinator

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
