

California Environmental Protection Agency

 **Air Resources Board**

2013 Priorities

January 25, 2013

Overview of 2013 Board Actions

- State implementation plans
- Climate change: plan update, regulatory actions, sustainable communities
- Mobile sources and fuels regulations
- Consumer products regulation
- Research program and projects

Coordinated Planning

- Scoping Plan
- State Implementation Plan
 - ARB air district joint effort for next round of ozone planning
- Freight Transport
 - Haagen-Smit Symposium
 - Advanced Technology Conference

Climate Change Program Implementation

- Cap and Trade
 - 2013 auctions and proceeds
 - Offset protocols
 - Market monitoring and security
 - Collaboration
- Scoping Plan update
- Continued implementation of LCFS program

Clean Cars Implementation

- Advanced Clean Cars
 - Early opt-in for LEV III standards
 - Tracking ZEV program progress
 - Progress towards low PM standard
- Analysis methods

Diesel Program Implementation

- 13 regulations; over 200,000 fleets
- Compliance assistance and outreach
- Updates to the Board on programs
- Incentive program guidelines

Sustainable Freight Strategy

- Advanced Technology Symposium (April)
- Haagen-Smit Symposium (May)
- Workshops and public meetings

Communities and Environmental Justice

- Continue focus on diesel rules enforcement
- Monitor diesel reductions in communities
- Coordinate with OEHHA on cumulative impacts work and SB 535 implementation for cap and trade auction proceeds

SB 375: Sustainable Communities Strategies

- Board actions on SCSs for San Francisco Bay Area and San Joaquin Valley
- Develop and fund research projects
- Provide guidance on methodologies and tools to assess greenhouse gas and other benefits

Government Partnerships

- Air districts
- Ports
- Metropolitan planning organizations
- Federal, State & local agencies

Collaborative Efforts

- Academic partnerships
- Freight transport planning with a variety of stakeholders
- Outreach and public education

Incentives Reauthorization

- Incentive programs reductions pending
 - Carl Moyer scheduled to be reduced
 - AB 118, AB 923 will sunset in 2015
- Efforts to reauthorize
 - Two bills introduced
 - Seeking funding through 2023

Research Program

- Research Plan implementation
- Board updates
- ARB-federal collaborations

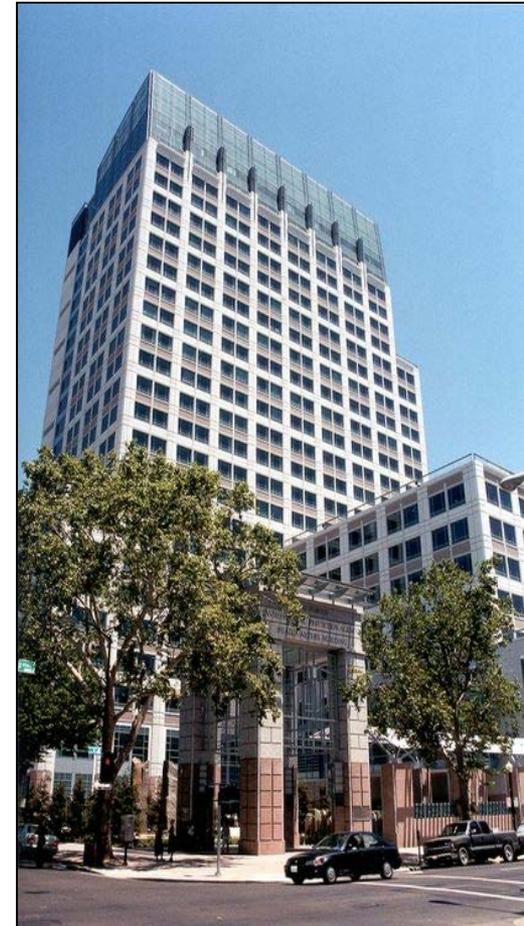

Haagen-Smit Laboratory Relocation

- El Monte facility is aging
- Looking for alternative location at a Southern California university

Board Calendar Overview

- State Implementation Plan Actions
 - South Coast 2012 AQMP
 - San Joaquin Valley PM2.5 SIP
 - San Joaquin Valley 1-hr Ozone SIP
 - Regional Haze Mid-Course Review
- Climate Change Actions
 - Scoping Plan update
 - SJV Sustainable Communities Strategy
 - Bay Area Sustainable Communities Strategy
- Cap and Trade
 - Cap and Trade linkage
 - Cap and Trade amendments
 - Cap and Trade new offset protocols

Board Calendar Overview (cont'd)

- Mobile Source Regulatory Actions
 - PM2.5 designations for new standard
 - Off-road recreational vehicles
 - SB 1505 Standard for Hydrogen Production
 - Mobile certification and test procedures
 - Hybrid electric bus certification procedures
 - Zero Emission Bus regulation
 - Alternative diesel fuel specification
 - E-85 specification amendments

Board Calendar Overview (cont'd)

- Funding
 - Proposition 1B
 - AB 118
 - Bond guidelines
- Non-Mobile Source Emission Controls
 - Gasoline vapor recovery amendments
 - Consumer Products regulation
- Research Activities
 - Annual research plan
