## A. FUNDING CATEGORY-SPECIFIC ELEMENTS

### A.1. Approved project alternatives: the third bulleted paragraph on page 3 is replaced by:

"**Procedure/process alternative:** Under this joint local agency project, the Port of Long Beach and the City of Los Angeles Harbor Department (Port of Los Angeles), acting jointly and severally as the Local Agency, shall run a single program under the administrative control of both entities jointly or through one contractor employed by both entities. The Port of Long Beach and the City of Los Angeles Harbor Department (Port of Los Angeles) agree to be held jointly and severally liable for all

breaches of this joint agreement, either by one or both of the local entities or by any contractor, arising out of any action, omission or activity under this Agreement G07GMLP3 from its effective date of June 23, 2008 until the date that is one day prior to the effective date of Amendment 1 to this Grant Agreement.

The Port of Long Beach and the City of Los Angeles Harbor Department (Port of Los Angeles) agree to take any necessary steps by August 31, 2009 including, but not limited to, tariff amendments to ensure that trucks funded under this Grant Agreement, this Amendment, and the new Grant Agreement G07GMLP3-03, without port monies, are exempt from the Clean Truck Fee (Port of Los Angeles Tariff Number 4, Item 2030 and Port of Long Beach Tariff Number 004, Item 1030).

ARB, the Port of Los Angeles and the Port of Long Beach agree that the Port of Long Beach shall be solely liable for performance as the Local Agency, and the Port of Los Angeles is released from liability for all breaches of the duties of the Local Agency under this Grant Agreement, either by the Port of Long Beach or by its contractor, arising out of any action, omission or activity under this Agreement G07GMLP3 from and after the effective date of Amendment 1 to this Grant Agreement, except for the obligation in the preceding paragraph.”

Other requirements applicable to this Local Agency Project that include, but are not limited to, evaluation of equipment projects and reporting to ARB shall continue through the End Date of this Grant Agreement."

**New Sections A.7., A.8., A.9., and A.10. are added:**

**"A.7. Request to assign grant agreement:** In a July 30, 2009 joint letter, the Local Agency requested that ARB assign the remaining funding under the original Grant Agreement, less the monies already obligated or to be obligated for the Local Agency's Clean Truck Program solicitations ("CTP Solicitation 1" stated in Exhibit 2 and "CTP Solicitation 2"), to the South Coast Air Quality Management District for administration of the remainder of the original Project pursuant to the voluntary request of the Local Agency permitted under Section A.6. ARB agrees to execute Grant Agreement G07GMLP3-03 to effect the transfer."

**"A.8. Continuing obligations of the Local Agency:** The Local Agency agrees to continue to fulfill the terms and conditions of this Grant Agreement as amended including, but not limited to, the following conditions that are based on the representations of the Local Agency as to the disposition of all applications for Program funding:

- Prior to submitting any Expenditure Request Form to ARB, the Local Agency agrees to demonstrate to ARB that all eligible and interested applicants from "CTP Solicitation 1" and "CTP Solicitation 2" have been or will be funded. This demonstration shall include documentation on the status of each of the applications for truck projects submitted under "CTP Solicitation 1" and "CTP Solicitation 2" to indicate if the truck project was funded under this Program, funded under another port initiative, awaiting Program funding, determined to be ineligible, withdrawn by the equipment owner, or not funded for other specified reasons. The purpose is to ensure that all eligible applicants from solicitations conducted by the Local Agency are funded before applicants under subsequent solicitations by the District are selected for funding with the remaining monies available. The Local Agency also agrees to update the Goods Movement Online Database and to work with ARB staff to finalize, receive approval and post updated ranked lists for "CTP Solicitation 1" and "CTP Solicitation 2" by August 31, 2009.

- The Local Agency agrees to notify the owners of the 47 trucks shown in Exhibit 2 with equipment project contracts executed and funded prior to June 30, 2009, of their option to shorten the project life and associated Program operating restrictions from 8 years to 5 years, without penalties, fees, or other restrictions attached. The Local Agency agrees to complete any resulting amendments to these equipment project contracts by December 31, 2009. This does not apply to any conditions established by the Local Agency for supplemental funding provided by the Local Agency.
- Consistent with the Project Schedule, the Local Agency agrees to expedite evaluation, contracting, and funding of the remaining eligible applicants within "CTP Solicitation 1" and "CTP Solicitation 2" who have indicated interest in a grant from Program funds only, with no Local Agency contribution. The Local Agency agrees to notify ARB of the status of each remaining applicant as of August 31, 2009 and as of September 30, 2009 to support the District's ability to award the remaining funds available this year.
- For all "CTP Solicitation 1" and "CTP Solicitation 2" trucks that were previously funded or will be funded by the Local Agency under this Project, the Local Agency agrees to continue administering all aspects of the Program including, but not limited to, ensuring compliance with Program requirements, retaining records, updating the ARB database, and submitting required reports."

"A.9. Transfer of any remaining funds: Any funds not obligated via executed contracts with equipment owners according to the Project Schedule shall be transferred to the District under G07GMLP3-03."

"A.10. Memorandum of Understanding (MOU) regarding matching funds for new Grant Agreement G07GMLP3-03: The Port of Los Angeles agrees to provide \$12,500,000 and the Port of Long Beach agrees to provide \$5,000,000 to the District to supplement the Program funds available upon the terms and conditions of the MOU dated for reference purposes July 10, 2009, for replacement of diesel trucks with eligible alternative fuel trucks. This MOU between the Local Agency and the District contains all of the terms and conditions of the Local Agency and District portions of this supplemental funding. ARB is not a party to that MOU and nothing in the MOU supersedes this Grant Agreement or Amendment 1 with respect to use of Program funds. Similarly, nothing in this Grant Agreement or Amendment 1 supersedes the MOU with respect to the terms and conditions of the Port of Long Beach's funding of \$5,000,000, the Port of Los Angeles' funding of \$12,500,000 and/or the District's funding of \$7,500,000 from their own funds, or rights to reimbursement of same, which are strictly governed by the terms and conditions of the MOU."

This legally binding Proposition 1B: Goods Movement Emission Reduction Program (Program) GRANT AGREEMENT, including Exhibit 1 attached hereto, dated June 20, 2008 (Date), is made and executed between the STATE OF CALIFORNIA, AIR RESOURCES BOARD ("ARB" or "Board") and the CITY OF LONG BEACH, A MUNICIPAL CORPORATION, ACTING BY AND THROUGH ITS BOARD OF HARBOR COMMISSIONERS AND CITY OF LOS ANGELES, A MUNICIPAL CORPORATION, ACTING BY AND THROUGH ITS BOARD OF HARBOR COMMISSIONERS ("Local Agency"). The Program is intended to improve air quality and protect public health through the administration of State incentives for cleaner equipment and technologies associated with freight movement.

The Local Agency agrees to perform the work described in the Program grant application as modified and clarified in ARB Resolution 08-6 and in this Grant Agreement.

**I. Term:** This Grant Agreement shall be effective as of June 30, 2008 or full execution of this Grant Agreement ("Start Date"), whichever is earlier, and shall continue in full force and effect until such time as all conditions of the Grant Agreement have been met or until June 30, 2019 ("End Date"), whichever is later.

**II. Documents incorporated by reference:** This Grant Agreement shall incorporate herein by reference the Local Agency Project Application and the Local Agency Resolutions provided to ARB as part of the Application. This Grant Agreement shall also incorporate herein by reference ARB Resolution 08-6, the accompanying *Staff Report on Award of Fiscal Year 2007-08 Funds*, ARB Resolution 08-12, the *Final Proposition 1B: Goods Movement Emission Reduction Program Guidelines for Implementation* ("Guidelines") as adopted by the Board on February 28, 2008 and the associated *Final Staff Report on Guidelines for Implementation* ("Staff Report"), plus any subsequent amendments to those Guidelines that apply to Fiscal Year 2007-2008 funds. The Local Agency is authorized to administer a Local Agency Project according to the requirements in the documents described above.

**III. Local agency project description:** Subject to the terms and conditions of this Grant Agreement, ARB will provide funding up to the maximum amount of \$98,000,000 (Budget Act Chapters 171 and 172, Statutes 2007 3900-001-6054) to the City of Long Beach, a municipal corporation, acting by and through its Board of Harbor Commissioners and City of Los Angeles, a municipal corporation, acting by and through its Board of Harbor Commissioners to administer a local agency project (Project) in the Los Angeles/Inland Empire Trade Corridor under the FY2007-08 Program. The Project is administration of Program incentives to equipment owners to upgrade existing heavy-duty diesel trucks in the "Trucks Serving Ports and Intermodal Rail Yards" source category that haul goods to and from ports. The Project shall comply with the provisions of this Grant Agreement, Resolution 08-6, Resolution 08-12, the Guidelines, and the Staff Report, as implemented by ARB staff.

**IV. Definitions:** All terms in this Grant Agreement are as defined in the Guidelines unless otherwise specified in this Grant Agreement.

#### **A. Funding Category-Specific Elements**

**A.1. Approved project alternatives:** The Local Agency may implement the following approved project alternatives, consistent with the Guidelines:

- **Technology alternatives:** For trucks serving ports and intermodal rail yards, the Local Agency shall implement the truck replacement equipment project option and shall target trucks serving ports. The Local Agency may offer non-Program funding for equipment monitoring or tracking devices (such as global positioning systems). In this case, the Local Agency shall agree to monitor the trucks for the project life, make provisions acceptable to ARB for access to data collected on individual trucks, and provide periodic data reports to ARB.
- **Project implementation approaches and contractors:** The Local Agency may use contractors or consultants to assist with Project administration. The Local Agency shall retain responsibility for completion of the Project according to the terms and conditions of this Grant Agreement. The Local Agency shall be solely responsible for payment of all charges and fees.

- **Procedure/process alternatives:** Under this joint local agency project, the Port of Long Beach and the City of Los Angeles Harbor Department (Port of Los Angeles), acting jointly and severally as the Local Agency, shall run a single program under the administrative control of both entities jointly or through one contractor employed by both entities. The Port of Long Beach and the City of Los Angeles Harbor Department (Port of Los Angeles) agree to be held jointly and severally liable for all breaches of this joint agreement, either by one or both of the local entities or by any contractor.
- **Geographic operations:** The Local Agency may restrict eligibility for upgrades under this Project to trucks serving the Port of Long Beach and/or the Port of Los Angeles.
- **Lease-to-own option:** The Local Agency may include a lease-to-own component for the replacement projects that complies with the requirements of the Guidelines. The Local Agency shall submit financial and other data detailed in the *Supplemental Application Instructions for Truck Lease-to-Own Programs* posted on ARB's Program website to ARB for review and obtain written ARB approval prior to expenditure of any Program funds for a lease-to-own program.

**A.2. Funding and performance benchmarks:** Based on the Local Agency application and ARB's funding award, the Local Agency shall complete the minimum number of equipment projects to achieve the estimated emission reductions and be eligible to receive up to the specified maximum Program funding amounts, as shown in Table 1 below.

Table 1. Program Funding and Performance Benchmarks for Trucks Serving Ports

Minimum # Equipment Projects and Funding Cap	Maximum Program Funding Authorized			Estimated		
	Equipment Project Funds	Administrative Funds	Total Funds (Project plus Administrative)	Match Funding and Source	Total Cost of Local Agency Project	Emission Reductions Over Project Life (lbs)
Replacement: 1,960 trucks @ \$50,000 per truck	\$98,000,000	None	\$98,000,000	\$145,040,000 (Ports) \$36,260,000 (private)	\$279,300,000	NOx: 19,116,000 PM: 904,000

The Local Agency shall not propose to offer Program funding at a level for each equipment project that exceeds the funding caps described in Table 1 and, after reviewing invoices submitted by equipment owners, shall only pay for eligible expenses up to the funding caps identified in Table 1.

**A.3. Grant expenditure schedule:** ARB shall authorize payment upon approval of a complete and accurate Grant Expenditure Request form and, where applicable, approval of all required reports. At ARB's discretion, these reports may include entry by the Local Agency of equipment project data into an electronic database maintained by ARB. As described in the Guidelines, the Local Agency may request ARB to expend equipment project funds according to the schedule in Table 2.

Table 2. ARB Expenditure of Equipment Project Funds for Trucks Serving Ports and Intermodal Rail Yards

Equipment Project Funds	Percent of Equipment Project Funds	Requirements
Initial equipment project funds	Up to 100%	May be requested once the Local Agency posts the competitively ranked equipment project list on its website, or within six months of ARB's liquidation deadline as specified in State law, whichever comes first.
Additional equipment project funds	Remaining	May be requested at any time after the initial expenditure from ARB, but no later than six months before ARB's liquidation deadline under State law.

**A.4. Local Agency match funding:** The Local Agency shall provide match funding for the Project of \$145,040,000 in non-State local funds.

**A.5. Project schedule:** The Local Agency shall obligate equipment project funds via executed equipment project contracts no later than December 31, 2009. The Local Agency shall verify project completion and close out payment for each truck project within 18 months of Local Agency execution of the equipment project contract. Other requirements applicable to this Local Agency Project that include, but are not limited to, evaluation of equipment projects and reporting to ARB shall continue through the End Date of this Grant Agreement.

**A.6. Provision to activate backup project:** Recognizing the critical importance of expediting the upgrade of trucks serving the Port of Long Beach and the Port of Los Angeles, the Local Agency agrees that ARB shall have the right to activate the backup project adopted by its governing board in Resolution 08-06 by assigning this Grant Agreement to the South Coast Air Quality Management District, with appropriate amendments, if the Local Agency is constrained from implementing the Project due to a court order or other legal proceedings that renders the Local Agency unlikely to be able to fully expend the Program funds according to the Project Schedule. The Local Agency may also request that ARB consider such an assignment.
