

**Proposition 1B Goods Movement Emission Reduction Program**  
**Local Public Entity Registration Form for FY2008-09 and FY2009-10 Funds**  
**Returning Applicants**

Local public entities that have successfully registered as local agencies for the past funding cycle do not need to resubmit registration information. Instead these entities must provide a letter of intent to compete for funding for the FY2008-09 and FY 2009-10 funds and verify that the information that was previously provided to the Air Resources Board is current.

After the information stated above is received by the Goods Movement Emission Reduction Program (Program), the local agency will receive a username and password to access to the Program's Goods Movement On-line Database for each funding category requested. (Chapter III.A. of the Program Guidelines)

**Instructions**

Please submit the following:

1. A letter of intent to the Goods Movement Emission Reduction Program from the Grant Program manager stating that this previously registered local agency wants to compete for Program funds for the FY 2008-09 and FY2009-10 funding cycles. This letter must detail all funding categories (heavy duty diesel trucks, locomotives and rail yards, ships at berth, and commercial harbor craft) for which the local agency wishes to compete for funds.
2. Your ARB trade corridor liaison will provide a copy of the information that was previously submitted to the Program for the last funding cycle. Please review and update this information.
3. Return this information to [gmbond@arb.ca.gov](mailto:gmbond@arb.ca.gov), no later than 5:00 p.m. on **Thursday April 29, 2010**.
4. Please indicate, "ACCOUNT REGISTRATION" on the subject line.
5. Attach any additional files to the email response as necessary.
