The Agilent 5975T Transportable GC/MS system delivers lab-quality results - in or out-of-the-lab.

Sometimes the most important life, health, and safety decisions have to be made in the field. Now you can make those decisions with confidence. The Agilent 5975T GC/MS delivers the same reliability and performance as our high-end 5975 series — at less than two-thirds the size. From sample collection to final report, Agilent is there with you every step of the way.

Make time to see the 5975T in action.
