ACRAMENTO
SUSTAINABLE BUSINESS

ENERGY CONSERVATION 	WATER CONSERVATION 	POLLUTION PREVENTION 	SOLID WASTE REDUCTION 	GREEN BUILDING
-------------------------	------------------------	--------------------------	---------------------------	--------------------

The logo features stylized green mountains and a blue winding river. Below the main title, there are five icons representing different sustainability goals: Energy Conservation (lightbulb), Water Conservation (water drop), Pollution Prevention (no trash), Solid Waste Reduction (recycling symbol), and Green Building (green house).

The Sacramento Sustainable Business program certifies and promotes businesses that take voluntary action to prevent pollution and conserve resources.

Sustainable Business Program Elements

The Sustainable Business program incorporates 5 elements of sustainability:

1. Energy Conservation,
2. Water Conservation,
3. Pollution Prevention,
4. Solid Waste Reduction, and
5. Green Building.

Sacramento Sustainable Business Program
