Introduction

The objective of the practice auction is to introduce entities registered under the California Cap-and-Trade Regulation to the auction platform and financial services process and procedures, and provide training on auction mechanics in preparation for the GHG allowance auction in November 2012.

The practice auction training is designed to give you an overview of processes to follow for the practice auction. The practice auction will follow the actual auction process as closely as feasible.

Auction Platform Overview

The Auction Platform has been designed to provide a state-of-the-art auction solution for California Cap-and-Trade Program.

The Auction Platform is the central platform for administration of auction and reserve sales that has been designed and developed to integrate with the other platforms.

The Auction Platform allows participants to apply for, post bids to, and review results for the auction and reserve sales.

Practice Auction Eligibility: All entities that registered for the California Cap-and-Trade Program in January 2012 are eligible to participate in the practice auction.

Auction Platform Account Activation

Practice auction participants that have registered and obtained accounts in the practice CITSS will receive an account activation email on Monday, August 27th by 9:00 am PDT from auctionsupport@markit.com with the subject line: Account Activation for Auction Platform.

The account activation email will contain a link to the practice Auction Platform set password page where you can activate your account. The link will expire within 24 hours.

Once your password is set, you will be directed to the practice Auction Landing Page (https://practice.wci-auction.org) and can login into the practice Auction Platform.

Please ensure you save the account activation email and the above URL as you will need to refer to it to access the practice Auction Platform.

The Practice Auction Platform

Once you log into the Auction Platform, you will be directed to the Auction Platform landing page and then you should proceed to the Application tab on the top banner.

Determining the Settlement Price

ve

Sort all the bids by price in descending order

Beginning with the highest bid price and proceeding to successively lower bid prices, bids at each bid price will be accepted until:

Scenario 1

Next lower bid price above the Reserve Price determines the Settlement Price and winning bids; <u>or</u>

Scenario 2

Total amount of bids greater and equal to the total allowances available, then determines the Settlement Price and winning bids

Example

Participants Organization A, B and C Reserve Price \$10 Total Allowances Available 3,000 Lots (1 Lot 1,000 Allowances)
