Allowances offered and sold are in metric tons. Current Auction Settlement Price means the allowance price that resulted from the sale of allowances in the Current Auction per metric ton. Advance Auction Settlement Price means the same for future vintages allowances offered in the Advance Auction. All prices here are shown in U.S. dollars. Joint Auction results include California and Québec allowances.

For more detailed information on all auction results, please refer to the **Summary Results Reports** posted after each auction, available on the Air Resources Board's **Archived Auction Information and Results** webpage at [http://www.arb.ca.gov/cc/capandtrade/auction/auction\\_archive.htm](http://www.arb.ca.gov/cc/capandtrade/auction/auction_archive.htm).

**CALIFORNIA CAP-AND-TRADE PROGRAM**  
**SUMMARY OF CALIFORNIA-ONLY AUCTION SETTLEMENT PRICES AND RESULTS**  
**Conducted from November 2012 through August 2014**

The Air Resources Board conducted California-only auctions of greenhouse gas (GHG) allowances prior to the linkage of the California Cap-and-Trade Program and Québec Cap-and-Trade System. A summary of auction settlement prices and results resulting from California-only auctions conducted from November 2012 through August 2014 is available below.
