The Department of Finance, in consultation with the Air Resources Board and other State agencies (Administration), is required to submit a three year Investment Plan to the Legislature that identifies priority investments to help California achieve its greenhouse gas reduction goals, while realizing additional health, economic, and environmental benefits.

The Administration released an Investment Plan Concept Paper in July 2015 and is in the process of developing the full Draft Second investment Plan. The Draft Second Investment Plan will be posted at: <http://www.arb.ca.gov/investmentplan> prior to the workshops. The focus of the workshops is to receive input on the Draft Second Investment Plan and guide the investment of cap-and-trade auction proceeds. In each location, representatives from the Administration will provide an overview of current investments, introduce the preliminary recommendations presented in the Draft Second Investment Plan, and respond to questions to aid stakeholders in developing written comments on potential future investments. The Administration will present the same material at these three workshops. Written comments will be accepted after the

Background

The State proceeds from the Cap-and-Trade Program (title 17, California Code of Regulations, section 95800 et seq.) provide an opportunity for California to invest in climate action, with an emphasis on our most disadvantaged communities. These investments are financing programs and projects that further the objectives of Assembly Bill 32 by reducing greenhouse gas emissions in the State; delivering benefits to disadvantaged communities; and maximizing, where feasible, economic, health, and environmental co-benefits.
