

CALIFORNIA CLIMATE INVESTMENTS

APPROPRIATIONS FROM THE GREENHOUSE GAS REDUCTION FUND

As of November 30, 2016

Sustainable Communities and Clean Transportation

	Total Appropriations to Date (\$M)
<hr/>	
Air Resources Board	
Low Carbon Transportation	\$695
<i>Provides mobile source incentives for the development of advanced technology and clean transportation</i>	
<hr/>	
Department of Transportation	
Active Transportation Program	\$10
<i>Funds new pedestrian facilities, new bike paths or lanes, and new or expanded bike share programs</i>	
Low Carbon Transit Operations Program	\$135
<i>Funds new or expanded bus, ferry, and rail services or transit facilities, capital improvements, and cleaner vehicles</i>	5% Continuous Appropriation
<hr/>	
High-Speed Rail Authority	
High-Speed Rail Project	\$800
<i>Funds planning, design, and construction of rail service from San Francisco to the Los Angeles basin</i>	25% Continuous Appropriation
<hr/>	
State Transportation Agency	
Transit and Intercity Rail Capital Program	\$381
<i>Funds transformative capital projects that modernize and integrate transit and rail systems</i>	10% Continuous Appropriation
<hr/>	
Strategic Growth Council	
Affordable Housing and Sustainable Communities	\$526
<i>Funds projects that support compact, infill development patterns, encourage active transportation and transit usage</i>	20% Continuous Appropriation
Sustainable Agricultural Lands Conservation	\$44
<i>Funds strategic investments that prevent at-risk agricultural lands from conversion; funds are allocated for this program through the Affordable Housing and Sustainable Communities continuous appropriation</i>	
Technical Assistance	\$2
<i>Provides technical assistance to disadvantaged communities</i>	
Transformative Climate Communities	\$140
<i>Funds the development and implementation of neighborhood-level transformative plans that include multiple coordinated investments in transportation, housing, energy, natural resources, and/or waste</i>	

*Funding amounts were rounded to the nearest million dollars.

Natural Resources and Waste Diversion

	Total Appropriations to Date (\$M)
Department of Fish and Wildlife	
Wetlands and Watershed Restoration	\$30
<i>Funds restoration and enhancement of wetlands and mountain meadow ecosystems</i>	
Department of Food and Agriculture	
Dairy Digester Research and Development Program and Alternative Manure Management Program	\$62
<i>Funds installation of anaerobic digester and non-digester related manure management practices</i>	
Healthy Soils	\$8
<i>Provides incentives for on-farm management practices that will build soil carbon</i>	
Department of Forestry and Fire Protection	
Sustainable Forests	\$82
<i>Funds forest health restoration, reforestation projects, and urban forestry projects</i>	
Department of Resources Recycling and Recovery	
Waste Diversion	\$71
<i>Provides incentives for capital investments in composting/anaerobic digestion infrastructure and recycling manufacturing facilities that divert waste from landfills</i>	
Natural Resources Agency	
Urban Greening Program	\$80
<i>Funds expansion or enhancement of neighborhood parks, establishment of green street and alleyways and/or non-motorized urban trails</i>	

*Funding amounts were rounded to the nearest million dollars.
