AB 32: California Global Warming Solutions Act of 2006

Public Meeting: Reporting and Verification Requirements for California’s Cap-and-Trade Program

**Topic and Purpose:** The Air Resources Board (ARB) invites you to participate in a public meeting to discuss mandatory reporting and verification requirements for California’s cap-and-trade program. Accurate and verified reporting of emissions covered under the cap is a critical element in the implementation and enforcement of the cap-and-trade program. ARB adopted mandatory reporting rules for greenhouse gas (GHG) emissions in December 2007\(^1\); these rules will help the State obtain facility-level data from significant industrial and commercial sources of greenhouse gas emissions in California.

As part of the development of the regulations for the cap-and-trade program and the integration of California’s program with those of other Western Climate Initiative (WCI)\(^2\) partners, ARB is reviewing the existing reporting rules to determine how they may need to be fine tuned to support the cap-and-trade program. This public meeting is being held to help identify specific areas where the existing ARB Mandatory Greenhouse Gas Reporting Regulation may need to be augmented to support a cap-and-trade program, to identify key differences between the ARB Mandatory Reporting Regulation and the WCI Essential Requirements for Reporting, and to discuss verification requirements under a cap-and-trade program.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: [http://www.arb.ca.gov](http://www.arb.ca.gov)
More Information on Public Meetings
This meeting continues discussion on the development of a cap-and-trade program. ARB is posting these and other public meetings to discuss program design issues on our website at: http://www.arb.ca.gov/cc/capandtrade/capandtrade.htm.

Meeting Materials
ARB will post meeting materials and an agenda prior to this meeting at http://www.arb.ca.gov/cc/capandtrade/meetings/meetings.htm. At this website, you may also join our electronic mailing list to receive further notices of ARB activities and public meetings related to the implementation of AB 32.

Can’t Make It to the Meeting?
ARB will webcast this meeting. Viewers can email written comments or questions during the session to ccworkshops@arb.ca.gov. Webcast links are posted at http://www.calepa.ca.gov/broadcast/. ARB recommends that you do not run other programs while viewing the webcast, as it may interrupt or lower the quality of the signal.

Directions to Cal/EPA
There are many ways to arrive at the Cal/EPA Headquarters Building. We encourage you to take public transportation or drive low emission/high efficiency vehicles whenever possible. Use the following link for directions and information on public transit: http://www.calepa.ca.gov/EPAbldg/location.htm

Special Accommodations or Language Assistance
