Arnold Schwarzenegger
Governor

November 6, 2007

Dear Sir or Madam:

The Air Resources Board (ARB or Board) staff invites you to participate in a public workshop on November 26, 2007 to discuss the proposed statewide greenhouse gas (GHG) emissions level for 1990. Staff will present updated emission estimates and methodologies for the 1990 emissions level. The Board will meet on December 6, 2007 to consider the staff's proposed 1990 GHG emissions level and approve a 2020 GHG emissions limit. The Board is required to approve a 2020 emissions limit by January 1, 2008, pursuant to the California Global Warming Solutions Act of 2006 (AB 32; Statutes of 2006, chapter 488).

At the workshop, ARB staff will provide an overview of the proposed 1990 GHG emissions level and receive your comments on its development. The workshop will be held at the following time and location:

Date: Monday, November 26, 2007
Time: 9:00 AM - 12:00 PM (Pacific Time)
Location: Byron Sher Auditorium
Address: Cal/EPA Headquarters
1001 I Street (2nd floor)
Sacramento, California 95814

A workshop agenda and presentation will be posted prior to the workshop meeting at ARB's Greenhouse Gas Inventory and Reporting website at:

<http://www.arb.ca.gov/cc/ccei/ccei.htm> (see the Workshops and Meetings link), and made available in hard copy at the meeting.

For those unable to attend the workshop in person, a live internet webcast with audio and video will be available at <http://www.calepa.ca.gov/broadcast>. During the workshop the webcast audience will have the opportunity to submit questions and comments by e-mail.

You may receive notification of updates to the statewide greenhouse gas (GHG) emission inventory, and other relevant information by joining our Climate Change electronic mailing list at: <http://www.arb.ca.gov/cc/cc.htm> (see Join E-List). This Climate Change website also includes notices of other ARB activities and public meetings related to the implementation of AB 32.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Website: <http://www.arb.ca.gov>.

Directions to Cal/EPA Headquarters and public transit information can be found at the California Environmental Protection Agency's web site at <http://www.calepa.ca.gov/epabldg/location.htm>. If you have special accommodation or language needs, please contact Ms. Karen Snyder as soon as possible, via phone at (916) 322-5350, or e-mail at ksnyder@arb.ca.gov. TTY/TDD/Speech-to Speech users may dial 7-1-1 for the California Relay Service.

We welcome and encourage your participation at this workshop. If you have questions regarding the workshop, please contact Mr. Webster Tasat, Manager of the Emissions Inventory Analysis Section, at (916) 323-4950. I can be contacted at (916) 323-8413, or rbode@arb.ca.gov.

Sincerely,

/s/

Richard Bode, Chief
Emission Inventory Branch
Planning and Technical Support Division
