

**State of California
AIR RESOURCES BOARD**

EXECUTIVE ORDER G-14-038

Relating to Certification of Small Containers of Automotive Refrigerant

Aerospace Communications Holdings, Company, Limited

CA01 (Speed Steed brand)

WHEREAS, the California Air Resources Board (ARB) has established, pursuant to California Health and Safety Code sections 38501, 38510, 38560, 38560.5, 38580, 39600 and 39601, criteria for obtaining certification of small containers of automotive refrigerant in "Certification Procedures for Small Containers of Automotive Refrigerant," adopted July 20, 2009, and last amended January 5, 2010, incorporated by reference into Title 17, California Code of Regulations sections 95362(b), 95365(c), 95366(e), and 95368(d);

WHEREAS, the "Certification Procedures for Small Containers of Automotive Refrigerant," adopted July 20, 2009, and last amended January 5, 2010 (hereinafter "Certification Procedures"), incorporated by reference into Title 17, California Code of Regulations sections 95362(b), 95365(c), 95366(e), and 95368(d) requires that an application for certification include test data from each test specified in ARB Test Procedure TP-503, Test Procedure for Leaks from Small Containers of Automotive Refrigerant, adopted July 20, 2009 and last amended January 5, 2010;

WHEREAS, Section 1 of the Certification Procedures provides that an Executive Order will only be issued for a small container of automotive refrigerant that demonstrates compliance with all applicable certification requirements;

WHEREAS, Section 3 of the Certification Procedures requires an applicant to submit specified information in its application for certification;

WHEREAS, Aerospace Communications Holdings, Company, Limited has submitted an application for certification of the following small container of automotive refrigerant:

CA01 (Speed Steed brand), 12-ounces, UPC # 886345009010

WHEREAS, Aerospace Communications Holdings, Company, Limited has submitted data generated from each test specified in ARB Test Procedure TP-503, Test Procedure for Leaks from Small Containers of Automotive Refrigerant, adopted July 20, 2009, and last amended January 5, 2010, that demonstrates its

CA01 (Speed Steed brand) of small containers of automotive refrigerant comply with each requirement specified in Section 2.1 of the Certification Procedures;

WHEREAS, Aerospace Communications Holdings, Company, Limited has submitted the bill of materials and engineering drawings of CA01 (Speed Steed brand) of its small containers of automotive refrigerant that specify the dimensions specific to those small containers of automotive refrigerant;

WHEREAS, Aerospace Communications Holdings, Company, Limited has submitted a sample of CA01 (Speed Steed brand) of its small containers of automotive refrigerant;

WHEREAS, Aerospace Communications Holdings, Company, Limited has submitted all of the information specified by Sections 2.2 through 2.4 of the Certification Procedures in its application for certification of its CA01 (Speed Steed brand) of small containers of automotive refrigerant; and

WHEREAS, Aerospace Communications Holdings, Company, Limited's application for certification of its CA01 (Speed Steed brand) of small containers of automotive refrigerant has been evaluated and found to comply with the criteria for the issuance of an executive order;

NOW THEREFORE, pursuant to the authority vested in ARB by sections 38501, 38510, 38560, 38560.5, 38580, 39600 and 39601 of the Health and Safety Code, and pursuant to the authority vested in the undersigned by sections 39515 and 39516 of the Health and Safety Code;

IT IS ORDERED AND RESOLVED that CA01 (Speed Steed brand) of small containers of automotive refrigerant produced by Aerospace Communications Holdings, Company, Limited as described in Aerospace Communications Holdings, Company, Limited's application for certification, is hereby certified to meet the performance standards and administrative requirements applicable to small containers of automotive refrigerant.

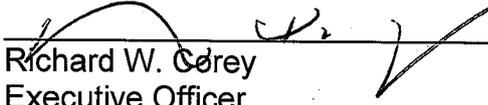

IT IS FURTHER ORDERED that this certification is subject to the following conditions:

1. Production containers must be in all material respects the same as those for which certification is granted and shall meet all the certification requirements;
2. Aerospace Communications Holdings, Company, Limited must comply with the recycling reporting requirements specified in title 17, California Code of Regulations sections 95367;

3. Aerospace Communications Holdings, Company, Limited must comply with the recordkeeping requirements specified in title 17, California Code of Regulations sections 95369;
4. Any modification to the design or specifications of a small container of automotive refrigerant certified hereby is prohibited and is inconsistent with this certification, unless said modification has been previously approved by the Executive Officer or his or her designee;

IT IS FURTHER ORDERED that the Executive Officer may enjoin sales, assess penalties, or revoke or modify this certification as provided in title 17, California Code of Regulations sections 95368 if the Executive Officer determines that CA01 (Speed Steed brand) of small containers of automotive refrigerant available for sale in California does not meet the certification requirements including the testing in accordance with Test Procedure TP-503, Test Procedure for Leaks from Small Containers of Automotive Refrigerant, adopted July 20, 2009, and last amended January 5, 2010.

Executed at Sacramento, California this 23rd day of May 2014.

Richard W. Corey
Executive Officer
