

**State of California
AIR RESOURCES BOARD**

EXECUTIVE ORDER G-10-049

Relating to Certification of Small Containers of Automotive Refrigerant

Technical Chemical Company

6344 (Johnsen's brand)

WHEREAS, the California Air Resources Board ("ARB" or "Board") has established, pursuant to California Health and Safety Code sections 38501, 38510, 38560, 38560.5, 38580, 39600 and 39601, criteria for obtaining certification of small containers of automotive refrigerant in "Certification Procedures for Small Containers of Automotive Refrigerant," adopted July 20, 2009, and last amended January 5, 2010, incorporated by reference into Title 17, California Code of Regulations sections 95362(b), 95365(c), 95366(e), and 95368(d) ;

WHEREAS, the "Certification Procedures for Small Containers of Automotive Refrigerant," adopted July 20, 2009, and last amended January 5, 2010 (hereinafter "Certification Procedures"), incorporated by reference into Title 17, California Code of Regulations sections 95362(b), 95365(c), 95366(e), and 95368(d) requires that an application for certification include test data from each test specified in Air Resources Board Test Procedure TP-503, Test Procedure for Diurnal Leaks from Small Containers of Automotive Refrigerant, adopted July 20, 2009 and last amended January 5, 2010;

WHEREAS, Section 1 of the Certification Procedures provides that an Executive Order will only be issued for a small container of automotive refrigerant that demonstrates compliance with all applicable certification requirements;

WHEREAS, Section 3 of the Certification Procedures requires an applicant to submit specified information in its application for certification;

WHEREAS, Technical Chemical Company has submitted an application for certification of the following small containers of automotive refrigerant:

6344 (Johnsen's brand), 12-ounces, UPC # 039101005577

WHEREAS, Technical Chemical Company has submitted data generated from each test specified in Air Resources Board Test Procedure TP-503, Test Procedure for Leaks from Small Containers of Automotive Refrigerant, adopted July 20, 2009, and last amended January 5, 2010, that demonstrates its 6344

(Johnsen's brand) of small containers of automotive refrigerant comply with each requirement specified in Section 2.1 of the Certification Procedures;

WHEREAS, Technical Chemical Company has submitted the bill of materials and engineering drawings of 6344 (Johnsen's brand) of its small containers of automotive refrigerant that specify the dimensions specific to those small containers of automotive refrigerant;

WHEREAS, Technical Chemical Company has submitted a sample of 6344 (Johnsen's brand) of its small containers of automotive refrigerant;

WHEREAS, Technical Chemical Company has submitted all of the information specified by Sections 2.2 through 2.4 of the Certification Procedures in its application for certification of its 6344 (Johnsen's brand) of small containers of automotive refrigerant; and

WHEREAS, Technical Chemical Company's application for certification of its 6344 (Johnsen's brand) of small containers of automotive refrigerant has been evaluated and found to comply with the criteria for the issuance of an executive order;

NOW THEREFORE, pursuant to the authority vested in the Air Resources Board by sections 38501, 38510, 38560, 38560.5, 38580, 39600 and 39601 of the Health and Safety Code, and pursuant to the authority vested in the undersigned by sections 39515 and 39516 of the Health and Safety Code;

IT IS ORDERED AND RESOLVED that 6344 (Johnsen's brand) of small containers of automotive refrigerant systems produced by Technical Chemical Company as described in Technical Chemical Company's application for certification, are hereby certified to meet the performance standards and administrative requirements applicable to small containers of automotive refrigerant. Production systems shall be in all material respects the same as those for which certification is granted and shall meet all the certification requirements;

IT IS FURTHER ORDERED that Technical Chemical Company must comply with the recycling reporting requirements specified in title 17, California Code of Regulations sections 95367;

IT IS FURTHER ORDERED that Technical Chemical Company must comply with the recordkeeping requirements specified in title 17, California Code of Regulations sections 95369;

IT IS FURTHER ORDERED that any modification to the design or specifications of a small container of automotive refrigerant certified hereby is prohibited and is

inconsistent with this certification, unless said modification has been previously approved by the Executive Officer or his or her designee; and

IT IS FURTHER ORDERED that the Executive Officer may enjoin sales, assess penalties, or revoke or modify this certification as provided in title 17, California Code of Regulations sections 95368 if the Executive Officer determines that 6344 (Johnsen's brand) of small containers of automotive refrigerant systems available for sale in California do not meet the certification requirements including the testing in accordance with Test Procedure TP-503, Test Procedure for Leaks from Small Containers of Automotive Refrigerant, adopted July 20, 2009, and last amended January 5, 2010.

Executed at Sacramento, California this 2nd day of July 2010.

James N. Goldstene
Executive Officer
