AIR RESOURCES BOARD**

EXECUTIVE ORDER H-15-001

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Kent D. Adams

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Kent D. Adams is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

Richard W. Corey, Executive Officer

EXECUTIVE ORDER H-15-170

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Jeffrey D. Adkins

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Jeffrey D. Adkins is accredited to conduct verification services as a lead verifier, process emissions specialist, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on August 1, 2015.

EXECUTIVE ORDER H-15-002

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Jyoti Agarwal

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Jyoti Agarwal is accredited to conduct verification services as a lead verifier, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on March 19, 2015.

EXECUTIVE ORDER H-15-003

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Grant Aguinaldo

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Grant Aguinaldo is accredited to conduct verification services as a lead verifier, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-15-004

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Erica Leah Alvarado

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Erica Leah Alvarado is accredited to conduct verification services as a lead verifier, process emissions specialist, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

Relating to the Accreditation as a Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Terrance Anthony

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Terrance Anthony has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a verifier, including:

1. Terrance Anthony has provided documentation establishing that the verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(3).
2. Terrance Anthony has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

NOW, THEREFORE, IT IS ORDERED, that Terrance Anthony is accredited to conduct verification services as a verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Terrance Anthony must comply with all verifier requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Terrance Anthony must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
3. Terrance Anthony must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Terrance Anthony must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Pursuant to Section 95132, Title 17, California Code of Regulations

Zedren Bates

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Zedren Bates is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on May 6, 2015.

EXECUTIVE ORDER H-15-010

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Marcia Baverman

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Marcia Baverman is accredited to conduct verification services as a lead verifier, process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-14-004

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Tessa Bemis

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Tessa Bemis has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Tessa Bemis has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Tessa Bemis has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Tessa Bemis has completed ARB-approved transactions specialist verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

NOW, THEREFORE, IT IS ORDERED, that Tessa Bemis is accredited to conduct verification services as a lead verifier and transactions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Tessa Bemis must comply with all lead verifier, and transactions specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Tessa Bemis must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Tessa Bemis must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Tessa Bemis must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 21st day of April, 2014.

EXECUTIVE ORDER H-14-006

Relating to the Accreditation as a Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Michael Chan

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Michael Chan has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a verifier, including:

1. Michael Chan has provided documentation establishing that the verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(3).
2. Michael Chan has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

NOW, THEREFORE, IT IS ORDERED, that Michael Chan is accredited to conduct verification services as a verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Michael Chan must comply with all verifier requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Michael Chan must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
3. Michael Chan must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Michael Chan must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 18th day of June 2014.

Richard W. Corey, Executive Officer
California Air Resources Board

EXECUTIVE ORDER H-15-173

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Yushuo Chang

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

NOW, THEREFORE, IT IS ORDERED, that Yushuo Chang is accredited to conduct verification services as a lead verifier and transactions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on June 5, 2015.

EXECUTIVE ORDER H-15-019

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Christina Chang

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Christina Chang is accredited to conduct verification services as a lead verifier, process emissions specialist, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-15-020

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Bryan Chen

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Bryan Chen is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-15-030

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Jennifer D'Aoust

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Jennifer D'Aoust is accredited to conduct verification services as a lead verifier, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on May 6, 2015.

EXECUTIVE ORDER H-15-031

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Douglas Daugherty

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Douglas Daugherty is accredited to conduct verification services as a lead verifier, process emissions specialist, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on May 6, 2015.

EXECUTIVE ORDER H-14-007

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Nicholas Diercks

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Nicholas Diercks has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Nicholas Diercks has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Nicholas Diercks has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Nicholas Diercks has completed ARB-approved transactions specialist verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that Nicholas Diercks has completed ARB-approved oil and gas systems specialist verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Nicholas Diercks is accredited to conduct verification services as a lead verifier, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Nicholas Diercks must comply with all lead verifier, transactions specialist, and oil and gas systems specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Nicholas Diercks must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Nicholas Diercks must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Nicholas Diercks must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Justin Dunning is accredited to conduct verification services as a lead verifier, process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-14-011

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Vera Duplan

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Vera Duplan has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Vera Duplan has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Vera Duplan has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Vera Duplan has completed ARB-approved transactions specialist verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

NOW, THEREFORE, IT IS ORDERED, that Vera Duplan is accredited to conduct verification services as a lead verifier and transactions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Vera Duplan must comply with all lead verifier, and transactions specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Vera Duplan must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Vera Duplan must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Vera Duplan must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 18th day of June, 2014.

EXECUTIVE ORDER H-15-039

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Christopher Easter

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Christopher Easter is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-15-040

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Zack Eyler

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Zack Eyler is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-14-012

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Keith Field

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Keith Field has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Keith Field has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Keith Field has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Keith Field has completed ARB-approved process emissions specialist verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that Keith Field has completed ARB-approved oil and gas systems specialist verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Keith Field is accredited to conduct verification services as a lead verifier and process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Keith Field must comply with all lead verifier, and process emissions specialist, and oil and gas systems specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Keith Field must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Keith Field must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Keith Field must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Catherine Fortney

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Catherine Fortney has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Catherine Fortney has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Catherine Fortney has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Catherine Fortney has completed ARB-approved process emissions specialist verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110 95116-95120, and 95124;

NOW, THEREFORE, IT IS ORDERED, that Catherine Fortney is accredited to conduct verification services as a lead verifier and process emissions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Catherine Fortney must comply with all lead verifier and process emissions specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Catherine Fortney must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Catherine Fortney must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Catherine Fortney must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 18th day of June, 2014.

EXECUTIVE ORDER H-15-048

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Jesse Frederick

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Jesse Frederick is accredited to conduct verification services as a lead verifier, process emissions specialist, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on May 6, 2015.

EXECUTIVE ORDER H-14-015

Relating to the Accreditation as a Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Dominic Gaffney

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Dominic Gaffney has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a verifier, including:

1. Dominic Gaffney has provided documentation establishing that the verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(3).
2. Dominic Gaffney has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

NOW, THEREFORE, IT IS ORDERED, that Dominic Gaffney is accredited to conduct verification services as a verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Dominic Gaffney must comply with all verifier requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Dominic Gaffney must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
3. Dominic Gaffney must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Dominic Gaffney must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 21st day of April 2014.

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

John Wesley Hawthorne

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that John Wesley Hawthorne is accredited to conduct verification services as a lead verifier, process emissions specialist, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-15-059

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

John Henkelman

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that John Henkelman is accredited to conduct verification services as a lead verifier, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-14-023

Relating to the Accreditation as a Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Cristalle Howe

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Cristalle Howe has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a verifier, including:

1. Cristalle Howe has provided documentation establishing that the verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(3).
2. Cristalle Howe has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Cristalle Howe has completed ARB-approved transactions specialist verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

NOW, THEREFORE, IT IS ORDERED, that Cristalle Howe is accredited to conduct verification services as a verifier and transactions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Cristalle Howe must comply with all verifier and transactions specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Cristalle Howe must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
3. Cristalle Howe must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Cristalle Howe must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-15-066

Relating to the Accreditation as a verifier of Greenhouse Gas Emissions Data Reports Pursuant to
Section 95132, Title 17, California Code of Regulations

Keith Johnson

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

NOW, THEREFORE, IT IS ORDERED, that Keith Johnson is accredited to conduct verification services as a verifier and process emissions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on May 6, 2015.

EXECUTIVE ORDER H-15-067

Relating to the Accreditation as a verifier of Greenhouse Gas Emissions Data Reports Pursuant to
Section 95132, Title 17, California Code of Regulations

Dan Jones

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Dan Jones is accredited to conduct verification services as a verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on March 19, 2015.

EXECUTIVE ORDER H-15-068

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Amit Joshi

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Amit Joshi is accredited to conduct verification services as a lead verifier, process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Rob Larkin

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Rob Larkin is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-15-076

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Christopher Lawless

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

NOW, THEREFORE, IT IS ORDERED, that Christopher Lawless is accredited to conduct verification services as a lead verifier, process emissions specialist, and transactions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-15-077

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Charles Lee

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Charles Lee is accredited to conduct verification services as a lead verifier, process emissions specialist, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Relating to the Accreditation as a Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Eun-Soo Lim

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Eun-Soo Lim has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a verifier, including:

1. Eun-Soo Lim has provided documentation establishing that the verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(3).
2. Eun-Soo Lim has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

NOW, THEREFORE, IT IS ORDERED, that Eun-Soo Lim is accredited to conduct verification services as a verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Eun-Soo Lim must comply with all verifier requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Eun-Soo Lim must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
3. Eun-Soo Lim must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Eun-Soo Lim must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-15-083

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Mark Lutz

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Mark Lutz is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on May 6, 2015.

EXECUTIVE ORDER H-15-084

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Matthew, S. Maddox

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Matthew, S. Maddox is accredited to conduct verification services as a lead verifier, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on May 6, 2015.

EXECUTIVE ORDER H-14-039

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Lorraine McCann

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Lorraine McCann has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Lorraine McCann has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Lorraine McCann has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Lorraine McCann has completed ARB-approved process emissions specialist verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that Lorraine McCann has completed ARB-approved transactions specialist verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that Lorraine McCann has completed ARB-approved oil and gas systems specialist verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Lorraine McCann is accredited to conduct verification services as a lead verifier and process emissions specialist, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Lorraine McCann must comply with all lead verifier and process emissions specialist, transactions specialist, and oil and gas systems specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Lorraine McCann must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Lorraine McCann must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Lorraine McCann must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 21st day of April, 2014.

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Tristan Mecham

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Tristan Mecham is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on March 18, 2016.

EXECUTIVE ORDER H-15-094

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Enrique Medina

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

NOW, THEREFORE, IT IS ORDERED, that Enrique Medina is accredited to conduct verification services as a lead verifier and transactions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-15-095

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Snighda Mehta

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Snighda Mehta is accredited to conduct verification services as a lead verifier, process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-14-041

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Catherine Mukai

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Catherine Mukai has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Catherine Mukai has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Catherine Mukai has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Catherine Mukai has completed ARB-approved process emissions specialist verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that Catherine Mukai has completed ARB-approved oil and gas systems specialist verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Catherine Mukai is accredited to conduct verification services as a lead verifier and process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Catherine Mukai must comply with all lead verifier, and process emissions specialist, and oil and gas systems specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Catherine Mukai must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Catherine Mukai must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Catherine Mukai must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 21st day of April, 2014.

EXECUTIVE ORDER H-15-101

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Subbarao Nagulapaty

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Subbarao Nagulapaty is accredited to conduct verification services as a lead verifier, process emissions specialist, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-15-193

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Paul Nguyen

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Paul Nguyen is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on September 1, 2015.

EXECUTIVE ORDER H-15-187

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Julia Norris

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Julia Norris is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-15-112

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

John Pinsonnault

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that John Pinsonnault is accredited to conduct verification services as a lead verifier, process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-15-113

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Jennifer Pope

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Jennifer Pope is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 15, 2015.

EXECUTIVE ORDER H-15-114

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Carla Prasetyo

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Carla Prasetyo is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on May 6, 2015.

EXECUTIVE ORDER H-15-188

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Donald Price

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Donald Price is accredited to conduct verification services as a lead verifier, process emissions specialist, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on August 30, 2015.

EXECUTIVE ORDER H-14-045

Relating to the Accreditation as a Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Bethmarie Quiambao

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Bethmarie Quiambao has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a verifier, including:

1. Bethmarie Quiambao has provided documentation establishing that the verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(3).
2. Bethmarie Quiambao has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Bethmarie Quiambao has completed ARB-approved oil and gas systems specialist verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Bethmarie Quiambao is accredited to conduct verification services as a verifier and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Bethmarie Quiambao must comply with all verifier and oil and gas systems specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Bethmarie Quiambao must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
3. Bethmarie Quiambao must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Bethmarie Quiambao must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Shannon Roberts

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Shannon Roberts has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Shannon Roberts has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Shannon Roberts has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Shannon Roberts has completed ARB-approved oil and gas systems specialist verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Shannon Roberts is accredited to conduct verification services as a lead verifier and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Shannon Roberts must comply with all lead verifier and oil and gas systems specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Shannon Roberts must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Shannon Roberts must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Shannon Roberts must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 21st day of April, 2014.

EXECUTIVE ORDER H-15-124

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Peter Romzick

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Peter Romzick is accredited to conduct verification services as a lead verifier, process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-15-182

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Andrew Safford

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Andrew Safford is accredited to conduct verification services as a lead verifier, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Anothai Setameteekul

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Anothai Setameteekul has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Anothai Setameteekul has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Anothai Setameteekul has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Anothai Setameteekul has completed ARB-approved process emissions specialist verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that Anothai Setameteekul has completed ARB-approved oil and gas systems specialist verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Anothai Setameteekul is accredited to conduct verification services as a lead verifier and process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Anothai Setameteekul must comply with all lead verifier, and process emissions specialist, and oil and gas systems specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Anothai Setameteekul must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Anothai Setameteekul must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Anothai Setameteekul must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 21st day of April, 2014.

EXECUTIVE ORDER H-15-129

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

John Shideler

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that John Shideler is accredited to conduct verification services as a lead verifier, process emissions specialist, transactions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-15-190

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Richard Shih

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

NOW, THEREFORE, IT IS ORDERED, that Richard Shih is accredited to conduct verification services as a lead verifier, process emissions specialist, and transactions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-14-052

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Dresden Skees-Gregory

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Dresden Skees-Gregory has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Dresden Skees-Gregory has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Dresden Skees-Gregory has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Dresden Skees-Gregory has completed ARB-approved process emissions specialist verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110 95116-95120, and 95124;

NOW, THEREFORE, IT IS ORDERED, that Dresden Skees-Gregory is accredited to conduct verification services as a lead verifier and process emissions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Dresden Skees-Gregory must comply with all lead verifier and process emissions specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Dresden Skees-Gregory must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Dresden Skees-Gregory must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Dresden Skees-Gregory must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-14-053

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Tingzhi Su

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Tingzhi Su has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Tingzhi Su has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Tingzhi Su has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Tingzhi Su has completed ARB-approved process emissions specialist verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that Tingzhi Su has completed ARB-approved oil and gas systems specialist verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Tingzhi Su is accredited to conduct verification services as a lead verifier and process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Tingzhi Su must comply with all lead verifier, and process emissions specialist, and oil and gas systems specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Tingzhi Su must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Tingzhi Su must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Tingzhi Su must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-15-136

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Vel Subramanian

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Vel Subramanian is accredited to conduct verification services as a lead verifier, process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-15-137

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Patrick Sullivan

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Patrick Sullivan is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-15-138

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Yasmeen Sultana

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Yasmeen Sultana is accredited to conduct verification services as a lead verifier, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-15-150

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Michael Waller

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Michael Waller is accredited to conduct verification services as a lead verifier, process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

AIR RESOURCES BOARD**

EXECUTIVE ORDER H-15-151

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Steven Walters

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

NOW, THEREFORE, IT IS ORDERED, that Steven Walters is accredited to conduct verification services as a lead verifier and process emissions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-15-152

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Eric Walther

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110, 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Eric Walther is accredited to conduct verification services as a lead verifier, process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-14-055

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

David Weaver

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that David Weaver has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. David Weaver has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. David Weaver has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that David Weaver has completed ARB-approved process emissions specialist verification training and has passed the process emissions specialist exam based on the reporting requirements in sections 95110 95116-95120, and 95124;

WHEREAS, the Executive Officer has determined that David Weaver has completed ARB-approved oil and gas systems specialist verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that David Weaver is accredited to conduct verification services as a lead verifier and process emissions specialist, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. David Weaver must comply with all lead verifier, and process emissions specialist, and oil and gas systems specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. David Weaver must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. David Weaver must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. David Weaver must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 21st day of April, 2014.

EXECUTIVE ORDER H-15-161

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Norman Wong

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that Norman Wong is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on May 6, 2015.

EXECUTIVE ORDER H-14-056

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Robert Woolf

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Robert Woolf has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Robert Woolf has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Robert Woolf has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

WHEREAS, the Executive Officer has determined that Robert Woolf has completed ARB-approved transactions specialist verification training and has passed the transactions specialist exam based on the reporting requirements in sections 95111 and 95121-95123;

NOW, THEREFORE, IT IS ORDERED, that Robert Woolf is accredited to conduct verification services as a lead verifier and transactions specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Robert Woolf must comply with all lead verifier, and transactions specialist requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Robert Woolf must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Robert Woolf must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Robert Woolf must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 4th day of April, 2014.

EXECUTIVE ORDER H-14-057

Relating to the Accreditation as a Lead Verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Russell Yanagihara

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that Russell Yanagihara has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, including:

1. Russell Yanagihara has provided documentation establishing that the lead verifier has met or exceeded the minimum education and work experience requirements in section 95132(b)(2).
2. Russell Yanagihara has completed ARB-approved verifier training and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129, 95130-95133.

NOW, THEREFORE, IT IS ORDERED, that Russell Yanagihara is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. Russell Yanagihara must comply with all lead verifier requirements as specified in sections 95130-95133, title 17, California Code of Regulations.
2. Russell Yanagihara must cooperate fully with the Executive Officer or the authorized representative during any audit of the lead verifier or reporting entity for each verification performed.
3. Russell Yanagihara must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
4. Russell Yanagihara must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California this 21st day of April 2014.

EXECUTIVE ORDER H-15-162

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

David Yang

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that David Yang is accredited to conduct verification services as a lead verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on April 3, 2015.

EXECUTIVE ORDER H-15-163

Relating to the Accreditation as a lead verifier of Greenhouse Gas Emissions Data Reports
Pursuant to Section 95132, Title 17, California Code of Regulations

Matthew Yau

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a lead verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

WHEREAS, the Executive Officer has determined that the verifier has completed verification training and has passed the oil and gas systems specialist exam based on the reporting requirements in sections 95113-95114 and 95150-95158;

NOW, THEREFORE, IT IS ORDERED, that Matthew Yau is accredited to conduct verification services as a lead verifier, and oil and gas systems specialist for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

EXECUTIVE ORDER H-15-195

Relating to the Accreditation as a verifier of Greenhouse Gas Emissions Data Reports Pursuant to
Section 95132, Title 17, California Code of Regulations

John Yee

WHEREAS, the Air Resources Board (ARB), pursuant to the California Global Warming Solutions Act of 2006 (Statutes of 2006; Chapter 488; Health and Safety Code sections 38500 et seq.), has established the mandatory reporting program contained in sections 95100-95158, title 17, California Code of Regulations, to require the use of independent verifiers for verification of greenhouse gas emissions data reports;

WHEREAS, the Executive Officer has determined that the verifier named above has met the requirements specified in sections 95130-95133, title 17, California Code of Regulations, for accreditation as a verifier, and has received a passing score on an exit examination for verifiers based on the requirements in sections 95100-95109, 95112, 95115, 95129-95133.

NOW, THEREFORE, IT IS ORDERED, that John Yee is accredited to conduct verification services as a verifier for three years from the date of execution of this order, provided that the following terms and conditions are met:

1. The verifier must cooperate fully with the Executive Officer or the authorized representative during any audit of the verifier or reporting entity for each verification performed.
2. The verifier must provide verification services as specified in sections 95130-95133, title 17, California Code of Regulations.
3. The verifier must provide and update accurate and complete conflict of interest information through the appropriate verification body as required by section 95133, title 17, California Code of Regulations.

BE IT FURTHER ORDERED, this accreditation may be modified or revoked by the Executive Officer as provided in section 95132(d), title 17, California Code of Regulations.

Executed at Sacramento, California on September 1, 2015.
