California Air Resources Board
Refrigerant Management Program (RMP)
Refrigerant Registration and Reporting System (R3)
Updates and User Training

December 10, 2013

Agenda

- Overview: Refrigerant Management Program (RMP)
- Overview: Refrigerant Registration and Reporting (R3) System
- Demonstration:
  - Registration and Service Records Data Entry
  - Annual Report Submittal and Fee Payment
- Questions

RMP program web page: www.arb.ca.gov/stoprefrigerantleaks

RMP email help line: reftrackinfo@arb.ca.gov

Overview

Refrigerant Management Program (RMP)

RMP Program Overview

- Regulation implements California Global Warming Solutions Act (AB 32)
- In effect since January 1, 2011
- Complements existing federal and local rules
- Focuses on leak inspection & repair
- Repairing leaks can save businesses money

RMP Program Overview
Applicability

- Facility with a refrigeration system
  - Stationary, non-residential
  - More than 50-lbs of a high-GWP refrigerant
  - Excludes comfort cooling
- Distributors, Wholesalers, Reclaimers
- Any person who installs, services, or repairs a high-GWP gas refrigeration or a/c system

RMP Overview

Key Requirements

- Facilities with refrigeration system
  - Conduct periodic leak inspections
  - Repair leaks within 14 days of detection
  - Keep records of service and refrigerant transactions
  - Follow required service practices
  - File annual report and pay fee (medium and large facilities)
- Distributors, wholesalers, reclaimers
  - Keep records of refrigerant transactions
  - File annual report

RMP Overview

Phase-In Schedule

In effect for all Facilities	-Best management practices, leak inspections, leak repairs, recordkeeping
Due Annually By March 1	-Large facilities (≥2,000 lbs.) register, report, and pay $370 fee -Distributors, wholesalers, reclaimers report
By March 1 Beginning 2014	-Medium facilities (200 to 2,000 lbs.) register, report, and pay $170 fee
Due by March 1, 2016	-Small facilities (50 to 200 lbs.) register

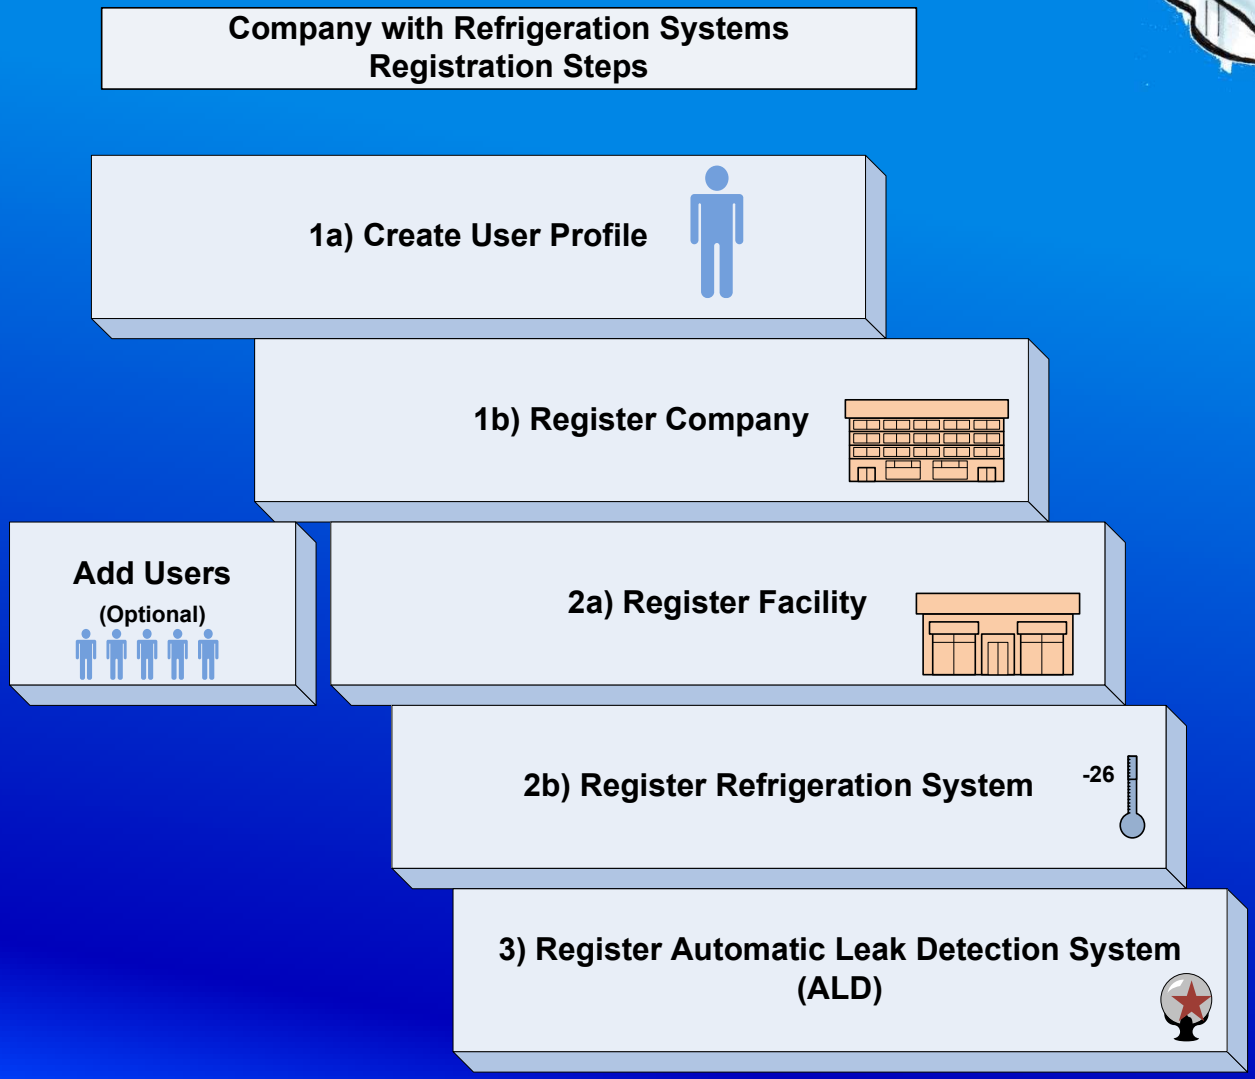
Overview

Refrigerant Registration and Reporting System (R3)

http://www.arb.ca.gov/rmp-r3

R3 Overview

Registration Workflow



R3 Overview

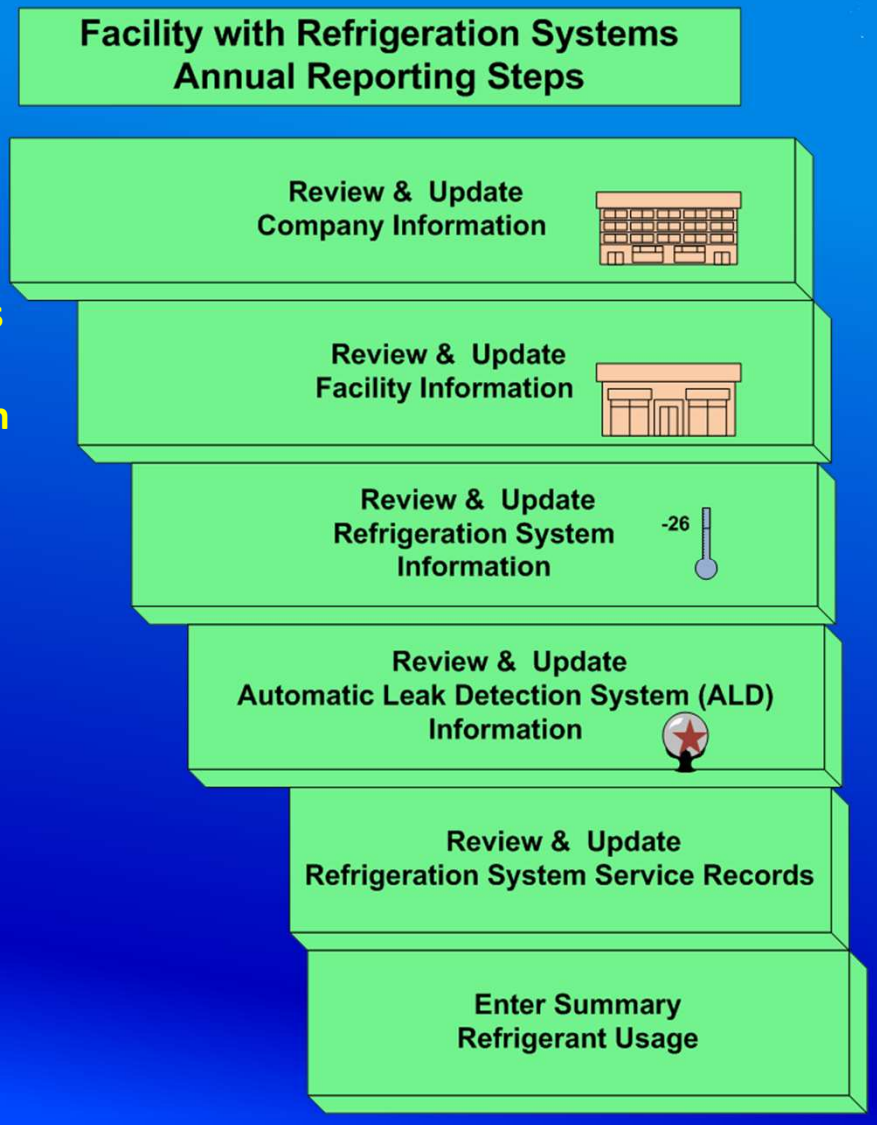
Service Records Data Entry Workflow

- Enter Service Records
  - Leak inspections, leak repairs, other maintenance
  - ALD audits, calibrations, repairs, etc.
  - Batch upload data from refrigerant management software
- Medium facilities need to begin entering registration and service records

R3 Overview

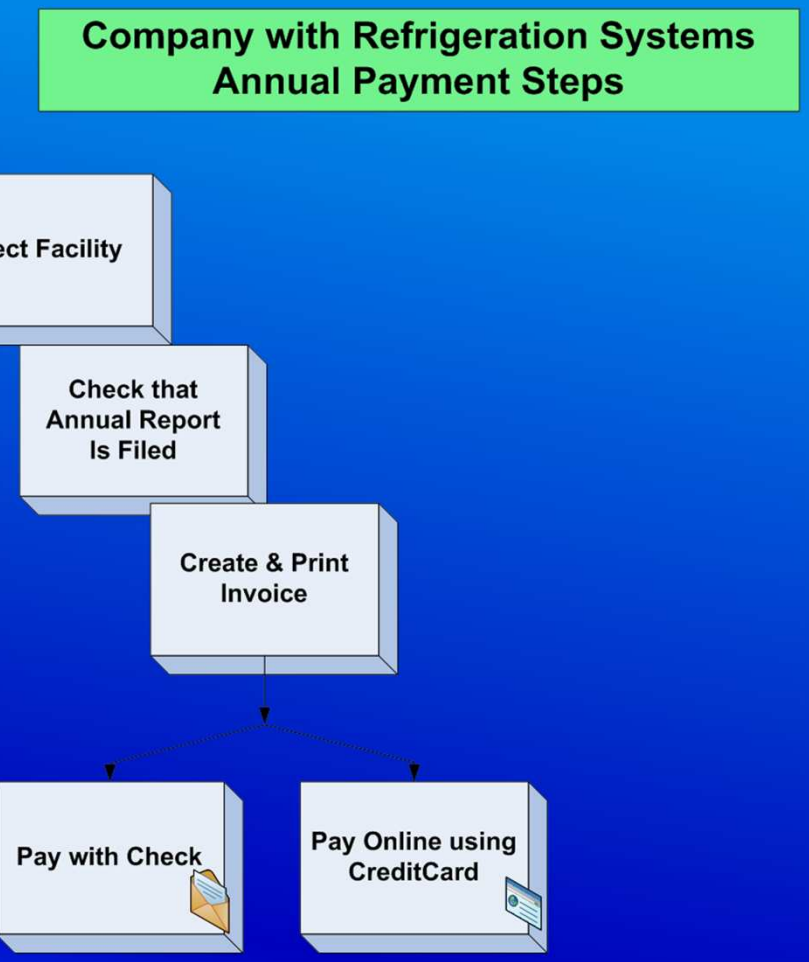
Annual Reporting Workflow

Distributors/Wholesalers/Reclaimers skip all steps below
Review & Update Facility Information



R3 Overview

Annual Fee Payment Workflow



R3 Overview

User Reports

- Reports can be printed from the R3
  - Facility and system leak rates
  - Refrigerant losses
  - Facility and system leak repair history
  - Inspections by enforcement agencies

R3 Overview

Common Mistakes and Solutions

- Incomplete registration
  - Enter all facility, all refrigeration systems, ALD information
- Service records not entered
  - Required leak inspections
  - Leak repairs
  - ALD servicing
  - Other maintenance affecting refrigerant

R3 Overview

Common Mistakes and Solutions

- Incorrect refrigerant usage on the Annual Report
  - Report the annual summary of refrigerant purchased and used
- Invoice not created and/or sent with payment
  - Print and send a copy of the invoice along with the check to ARB at the address on the invoice

Demonstration

Refrigerant Registration and Reporting System (R3)

- Company and Facility Registration
- Service Records Data Entry
- Annual Report Submittal and Fee Payment

Welcome to Refrigerant Registration and Reporting System (R3)
Welcome to the Refrigerant Registration and Reporting System (R3). The R3 is a web-based tool for implementing the registration, reporting, and fee payment provisions of ARB's Refrigerant Management Program (RMP). In addition, the R3 offers the public a means to view select preformatted reports of refrigerant emissions. The R3 can be conveniently accessed on any computer with an internet connection.
The RMP is California's regulation for stationary, non-residential refrigeration systems using more than 50 pounds of a high global warming potential (high-GWP) refrigerant. The RMP seeks to reduce emissions of high-GWP refrigerants from leaking refrigeration equipment and the installation and servicing of refrigeration and air-conditioning appliances.
At the top of this page are links to the general ARB home web page and the home page of the RMP. Below that, on the red tab bar are links to preformatted reports and forms, important contacts for the RMP, and answers to frequently asked questions.
LOGIN
USERNAME :
PASSWORD :
(case-sensitive)
Login
Can't Access my Account?
Companies with facilities with refrigeration systems, distributors, wholesalers, and reclaimers must first setup a user account and company profile in order to use R3.
Sign Up for New Registration
Important Information
General Public Users: Information for the general public does not require a login or account. For reports available to the public select the Reports and Forms tab on the red bar above. For contacts about the program select the Contact tab on the red bar or one of the links below. Select the FAQ tab on the red bar for general information.
First Time Company Users: In order to use R3 you must first setup a user account. If no one in your company has established an Administrator type user account and begun the company registration process select the "Sign Up for New Registration" in the right column. If someone in your company has registered and has established an Administrator account, contact that person to create your account.
First Time ARB and AIR District Users: ARB and Air District users should contact their program administrator to setup an account login.
Contact Information
For general R3 questions, Send an email to reftrackinfo@arb.ca.gov , Phone Number: 916-324-2517
Program Web page: http://www.arb.ca.gov/stoprefrigerantleaks

New Registration- Registrant Identification

Registrant Identification — Company Registration — Registration Confirmation — Registration Complete

Help for this Page

If your refrigeration systems all use only ammonia or CO2 the Refrigerant Management Program regulation does not apply to you. You do not need to establish a user account or register any refrigeration systems in the R3 tool.

Type Of Ownership : * Company with refrigeration facility

EIN Number : * 235622185 Next >>

"Format for Federal Tax ID (FEIN or EIN) is: 123456789"
(Do NOT use a social security number. Contact ARB if you do not have a tax number.)

More than one facility will register for same EIN? Yes No

In the R3 system the order of creating a registration is to create an overall company record with a company R3 administrator. Facilities with one or more refrigeration systems are registered under the overall company. At the current step of the registration process the R3 is asking if the company will have one facility or more than one facility under its overall company name. Select yes if there will be more than one facility under this company name.

Are you authorized to register as company? Yes No

If you are the appropriate person within your company to create the overall company record and be the R3 administrator select yes. If someone else is the appropriate person if the overall company record has already been created by someone else, select no.
