In addition, the RTAC will hold its August 5 meeting in Los Angeles at the LA Metro Headquarters Building. A separate notice for that meeting will be sent out at least 10 days prior to the meeting date.

Background. Senate Bill 375 (SB 375), signed by the Governor last year requires the California Air Resources Board (ARB) to set regional targets for the purpose of reducing greenhouse gas emissions from passenger vehicles, for 2020 and 2035. On January 23, 2009, ARB appointed members to the RTAC created by the bill. RTAC is required to recommend factors to be considered and methodologies to be used for setting regional greenhouse gas reduction targets. The committee's recommendations are due to ARB by no later than September 30, 2009.
