## WORKSHOP NOTICE

### ARB Public Workshop on SCAG's Draft Sustainable Communities Strategy

The Air Resources Board (ARB) will hold a public workshop on Tuesday, February 21, 2012 (details below) on the draft Sustainable Communities Strategy (SCS) for the Southern California Association of Governments (SCAG). State law (SB 375) assigns ARB the responsibility to set greenhouse gas emission reduction targets for each regional SCS and to determine whether implementation of the SCS would achieve the target. Some ARB Board members will be in attendance; however, as this workshop is not a meeting of the Board, less than a quorum will be in attendance and no Board action will be taken. In addition to this workshop, ARB staff plans to present an informational item to the Air Resources Board on the SCAG SCS at its March 22, 2012 meeting.

The workshop is scheduled as follows:

**When\***

Tuesday, February 21, 2012  
1:30 pm to 3:30 pm.

**Where**

SCAG Board Room  
818 W. Seventh Street, 12<sup>th</sup> Floor  
Los Angeles, CA 90017

\*Start time is approximate and will begin upon conclusion of the SCAG workshop on the SCS draft Program Environmental Impact Report (PEIR).

Background information on the Sustainable Communities Strategy program is available at ARB's website at: <http://www.arb.ca.gov/cc/sb375/sb375.htm> The technical methodology for ARB staff's review of an SCS can be found at: [http://www.arb.ca.gov/cc/sb375/scs\\_review\\_methodology.pdf](http://www.arb.ca.gov/cc/sb375/scs_review_methodology.pdf)

Information on SCAG's draft RTP/SCS is available online at SCAG's website at: <http://rtpscs.scag.ca.gov/Pages/default.aspx>

For questions about this meeting, a special accommodation, or if you need this document in an alternative format or another language, please contact Ms. Terry Roberts at (626) 450-6182 or [troberts@arb.ca.gov](mailto:troberts@arb.ca.gov)

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.*
