

April 2008

Ms. Mary Nichols, Chair
California Air Resources Board
1001 "I" Street
P.O. Box 2815
Sacramento, CA 95812

Dear Ms. Nichols:

Please consider market based solutions as the California Air Resources Board develops plans to implement AB 32. Flexibility, creativity and innovation are required to meet our planets environmental needs and the protection of industries working to balance these mandates.

Among the solutions should be a cap and trade system that allows industries to work collaboratively to meet the common goal.

Please consider all options in working towards your solutions. Thank you for your assistance and work towards protecting our environment.

Sincerely,

Signature
