To: All Interested Parties

Subject: PUBLIC WORKSHOP MEETING TO DISCUSS THE DEVELOPMENT OF A REGULATION TO REDUCE EMISSIONS FROM UNDER-INFLATED VEHICLE TIRES.

The Air Resources Board (ARB or Board) staff invites you to participate in a public workshop meeting to discuss concepts for reducing the global warming impacts of under-inflated vehicle tires. It is estimated that greater than 70 percent of all vehicles operate on at least one under-inflated tire resulting in reduced gas mileage and increased emissions. Reducing Greenhouse Gas emissions from under-inflated tires is included as a discrete early action measure pursuant to the California Global Warming Solutions Act of 2006 (AB32).

At this workshop, ARB staff will discuss a proposed regulatory concept, implementation strategy, as well as inventory and cost effectiveness data.

The public workshop meeting will be held at the time and location shown below:

Date: Wednesday, October 8, 2008

Time: 10:00 a.m. to 12:00 p.m.

Location Cal/EPA Building
Byron Sher Auditorium
1001 I Street
Sacramento, California 95814

The agenda and presentation will be available prior to the workshop at the following website address:

<http://www.arb.ca.gov/tirepressure>

Hard copies of these materials will be available on the day of the meeting.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
