Harbor Communities Monitoring Study Wilmington Senior Center

The California Air Resources Board invites you to attend a community meeting on April 17, 2008 to discuss our Harbor Communities Monitoring Study (HCMS). This is one in a series of meetings to keep the community apprised of developments (from planning to data collection to data analysis to dissemination of findings and recommendations) in the HCMS.

Primary purpose of this meeting

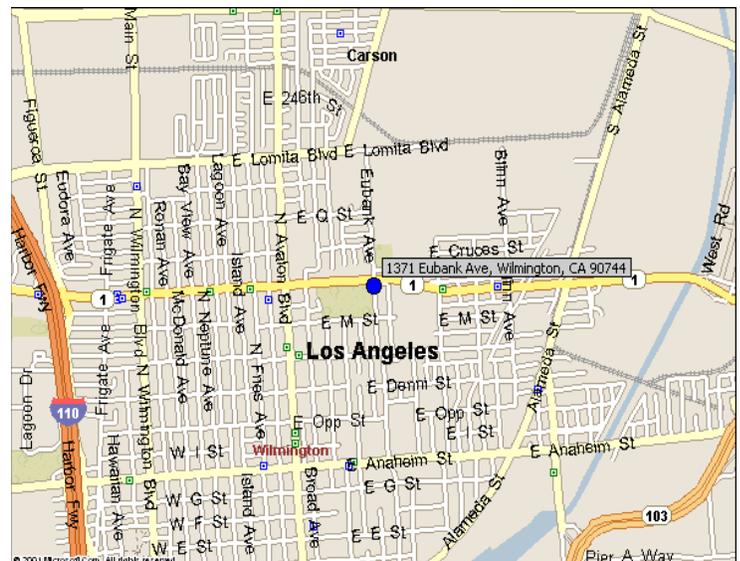

To inform interested community members and industry groups about the preliminary results from analysis of the air pollution measurements conducted in the greater Wilmington area (including West Long Beach, San Pedro, and Carson). General questions regarding air quality monitoring efforts in the area will be taken from the audience. For those who are interested, the meeting will conclude with a technical question and answer session.

Meeting Details and Map

April 17, 2008

6:00 p.m. - 8:30 p.m.

**Wilmington Senior Center
1371 Eubank Street
