

**State of California
AIR RESOURCES BOARD**

EXECUTIVE ORDER G-11-067

**Relating to Certification of Portable Outboard Marine Tanks and Components
Eaton Aeroquip, LLC
Portable Outboard Marine Tank Fuel Hose**

WHEREAS, the California Air Resources Board (ARB) has established, pursuant to California Health and Safety Code (CH&SC), sections 39600, 39601, 43013, 43018, and 43101, criteria for obtaining certification of a portable outboard marine tank, portable outboard marine tank self sealing cap, portable outboard marine tank fuel hose, or portable outboard marine tank primer bulb in "CP-510, Certification Procedure for Portable Outboard Marine Tanks and Components," adopted July 20, 2009, incorporated by reference into title 13, California Code of Regulations (CCR), sections 2468.2 and 2468.8;

WHEREAS, "CP-510, Certification Procedure for Portable Outboard Marine Tanks and Components," adopted July 20, 2009, (hereinafter "Certification Procedure") incorporated by reference into title 13, CCR, section 2468.1, requires that an application for certification include test results that the hose does not exceed a permeation rate of 15 grams/m²/day;

WHEREAS, section 1, of the Certification Procedure provides that an Executive Order will only be issued for a portable outboard marine tank, portable outboard marine tank self sealing cap, portable outboard marine tank fuel hose, or portable outboard marine tank primer bulb that demonstrates compliance with all applicable certification requirements;

WHEREAS, section 2, of the Certification Procedure requires an applicant to warranty their portable outboard marine tank, portable outboard marine tank self sealing cap, portable outboard marine tank fuel hose, or portable outboard marine tank primer bulb for a period of one year;

WHEREAS, section 3, of the Certification Procedure requires an applicant to submit specified information in its application for certification;

WHEREAS, section 5, of the Certification Procedure provides that ARB's Executive Officer shall evaluate each application for certification of a portable outboard marine tank, portable outboard marine tank self sealing cap, portable outboard marine tank fuel hose, or portable outboard marine tank primer bulb, to determine if the portable outboard marine tank, portable outboard marine tank self sealing cap, portable outboard marine tank fuel hose, or portable outboard marine tank primer bulb complies with the criteria for issuance of an executive order;

WHEREAS, Eaton Aeroquip, LLC has submitted an application for certification of its model EH049-0X and EH089-0X (X is a number that varies per product diameter only) portable outboard marine tank fuel hose;

WHEREAS, Eaton Aeroquip, LLC has submitted test data indicating that the model EH049-0X and EH089-0X portable outboard marine tank fuel hose does not exceed a permeation rate of 15 gm/m²/day;

WHEREAS, Eaton Aeroquip, LLC has submitted all of the necessary information specified in section 3 of the Certification Procedure in its application for certification of its models EH049-0X and EH089-0X portable outboard marine tank fuel hose for supply to original equipment manufacturers; and

WHEREAS, Eaton Aeroquip, LLC application for certification of its portable outboard marine tank model EH049-0X and EH089-0X fuel hose has been evaluated, and its portable outboard marine tank fuel hose has been found to comply with the criteria for the issuance of an executive order.

NOW, THEREFORE, pursuant to the authority vested in ARB by sections 39600, 39601, 43013, 43018, and 43101, CH&SC, and pursuant to the authority vested in the undersigned by sections 39515 and 39516, CH&SC, and Executive Order P-10-002.

IT IS ORDERED AND RESOLVED that the model EH049-0X and EH089-0X portable outboard marine tank fuel hose produced by Eaton Aeroquip, LLC as described in its application for certification of said systems are hereby certified to meet the performance standards and administrative requirements applicable to a portable outboard marine tank fuel hose for use in the manufacture of marine vessels. Production hoses must be in all material respects the same as those for which certification is granted and must meet all the certification requirements.

IT IS FURTHER ORDERED that Eaton Aeroquip, LLC must comply with the administrative requirements specified in title 13, California Code of Regulations sections 2468.6(a) and must supply any changes to the date code and representative code to the Executive Officer for review and approval at least three months prior to offering for sale a certified fuel hose with changed codes.

IT IS FURTHER ORDERED that any alteration of the components or design of the model EH049-0X and EH089-0X portable outboard marine tank fuel hose certified hereby is prohibited and is inconsistent with this certification, unless said alteration has been approved in advance of production by the Executive Officer or his designee.

IT IS FURTHER ORDERED that Eaton Aeroquip, LLC provide a warranty to equipment manufacturers purchasing the model EH049-0X and EH089-0X portable outboard marine tank fuel hose. The warranty must state that the fuel

hose be free from defects in materials and workmanship that cause such a hose to fail to conform to the certification and compliance standards for a period one year.

IT IS FURTHER ORDERED that Eaton Aeroquip, LLC or any commercial entity that purchases model EH049-0X and EH089-0X portable outboard marine tank fuel hose for the purpose of marketing replacement products for use on marine vessels shall provide samples of such products as well as all additional information as outlined in Section 3 of the Certification Procedures relating to such sales.

IT IS FURTHER ORDERED that the Eaton Aeroquip, LLC model EH049-0X and EH089-0X portable outboard marine tank fuel hose shall be clearly identified by a permanent identification that allows the ARB to determine manufacturer name and model number.

IT IS FURTHER ORDERED that the Executive Officer may enjoin sales, assess penalties, or revoke or modify this certification as provided in CCR section 2468.9, if the Executive Officer determines that the product available for sale or sold in California does not meet the "Certification and Compliance Test Procedures" as provided in CCR section 2468.9.

Executed at Sacramento, California, this 12th day of August 2011.

Alberto Ayala, Ph.D., M.S.E.
Chief, Monitoring and Laboratory Division
