TO: All Interested Parties

SUBJECT: PUBLIC WORKSHOP TO DISCUSS REGULATION, CERTIFICATION
PROCEDURE, AND TEST PROCEDURE CHANGES FOR PORTABLE
FUEL CONTAINERS

The Air Resources Board (ARB or Board) invites you to participate in a public workshop to learn about updates to the ARB portable fuel container (PFC) regulation, certification procedure, and test procedures, including the use of 10 percent ethanol fuel to conduct certification testing. The proposed changes, which are expected to take effect in 2017, will promote harmonization with the U.S. EPA PFC regulation. The workshop will consist of a presentation by staff lasting approximately 30 minutes, followed by a question and answer session.

The workshop will be held at the following location and time:

Date: May 12, 2015

Time: 10:00 a.m. to 12:00 p.m. PDT

Location: ARB, Monitoring and Laboratory Division
1927 13th Street, 1st Floor Conference Room
Sacramento, California 95811

Participants are encouraged to attend in person. An audio conference line will be set up to accommodate those who are unable to attend in person. The workshop agenda, call-in details, and an electronic copy of the staff presentation will be posted by May 11 on ARB's website at: <http://www.arb.ca.gov/consprod/fuel-containers/pfc/pfc.htm>.

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption.
For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.*
