August 21, 2012

To All Interested Stakeholders:

The California Air Resources Board (ARB or Board) staff is developing a proposal to mitigate evaporative emissions from refueling systems of work trucks and recreational vehicles. The staff expect to present this item to the Board for its consideration for adoption in 2013. A public workshop is scheduled for September 21, 2012, in Sacramento, CA to present the stakeholders the latest rulemaking updates and to seek feedback on items relating to this rulemaking. Details of the meeting are as follows:

DATE: Friday, September 21, 2012
TIME: 10:00 a.m. to 12:00 p.m. PDT.
PLACE: California Air Resources Board
Monitoring and Laboratory Division
1927 13th Street, 1st Floor Conference Rooms
Sacramento, CA 95814

TELECONFERENCE: To participate via teleconference, use the phone number and pass code below. If you have any questions please contact Elizabeth Mongar at (916) 327-0900.

PHONE NUMBERS: 1-888-790-1734 (Toll Free Number)
PASS CODE: 25395

This is the second workshop for the evaporative emissions control from refueling systems of work trucks and recreational trailers rulemaking. ARB staff will give a presentation at this workshop highlighting the progress of this rulemaking effort. An open discussion will follow the presentation.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
