To all Interested Stakeholders:

The California Air Resources Board (ARB) staff is holding a public workshop to discuss emissions from Refueling Systems (Recreational Vehicle & Truck/Trailer), potential control technologies, and proposed regulatory timeline. The time and place for the workshop are as follows:

DATE: Wednesday, June 23, 2010
TIME: 10:00 a.m. to 12:00 p.m. PDT.
PLACE: California Air Resources Board
Monitoring and Laboratory Division
1927 13th Street, 1st Floor Conference Rooms
Sacramento, CA 95811

TELECONFERENCE: To participate via teleconference, use the phone number and pass code below. If you have any questions please contact Elizabeth Mongar at (916) 327-0900.

PHONE NUMBERS: 1-877-918-3039 (Toll Free Number)
PASS CODE: 28050

Since 2007, ARB staff has been conducting a study to evaluate potential controls of Refueling Systems (Recreational Vehicle & Truck/Trailer). The study consisted of a test program and a usage survey, which were designed to estimate emissions from the categories and serve as the basis for a subsequent regulation. This workshop will include a presentation by staff, and an open discussion period. Information regarding the agenda and parking is enclosed. A map of the location for the meeting is found at <http://www.arb.ca.gov/maps/sactomap.htm>.

Meeting locations are accessible to persons with disabilities. If you have special accommodation or language needs, please contact Elizabeth Mongar at (916) 327-0900 as soon as possible. TTY/TDD Speech-to-Speech users may dial 7-1-1 for the California Relay Service.

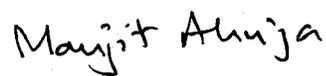

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.

If you cannot attend the meeting and have questions regarding Recreational Vehicle Refueling Systems information, please contact Ms. Xu Wang at (916) 445-4608 or via email xwang@arb.ca.gov. For questions regarding Truck/Trailer Refueling Systems information, please contact Ms. Rosalva Lopez at (916) 323-1169 or via email rlopez@arb.ca.gov. Mr. Dennis Goodenow may also be contacted for either of these categories at (916) 322-2886 or via email dgoodeno@arb.ca.gov.

Sincerely,

A handwritten signature in black ink that reads "Manjit Ahuja". The signature is written in a cursive, slightly slanted style.

Manjit Ahuja, Chief
Evaporative Controls and Certification Branch
Monitoring and Laboratory Division

Agenda

Refueling Systems (Recreational Vehicle & Truck/Trailer) Workshop

When: Wednesday, June 23, 2010

Where: 1927 13th Street, Conference Room North and South

Time: 10:00 a.m. to 12:00 Noon, PDT.

The purpose of the workshop is to share data and information we have collected from the Refueling Systems of Recreational Vehicle & Truck/Trailer categories, to better understand stakeholders concerns, and present a timeline for the regulation.

Tentative Agenda

- Opening remarks
- Source category description
- Rulemaking objective
- Types & points of emissions from refueling systems
- Survey results
- Preliminary test results
- Potential control strategies and cost effectiveness
- Main concerns from stakeholders
- Rulemaking schedule
- List of contacts
- Open discussion
- Closing remarks

For additional information or questions, please contact:

Ms. Xu Wang at (916) 445-4608, xwang@arb.ca.gov, (Recreational Vehicle Refueling Systems related information); Ms. Rosalva Lopez at (916) 323-1169, rlopez@arb.ca.gov, (Truck/Trailer Refueling Systems related information); or Mr. Dennis Goodenow at (916) 322-2886, dgoodeno@arb.ca.gov (Manager).

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
