

Submitting Product Labels

Responsible parties must submit one entire product label for each FORM 3 submitted (submit only one label for each product or product group). Make sure to include the entire label as defined:

"Label" means any written, printed, or graphic matter affixed to, applied to, attached to, blown into, formed, molded into, embossed on, or appearing upon any consumer product or consumer product package, for the purposes of branding, identifying, or giving information with respect to the product or to the contents of the package.

You may submit product labels electronically or via hardcopy:

Electronic labels: Submit clear, complete, and legible labels, written in English if available, via PDF (Adobe Acrobat) image file, or other common file type, and name each file according to the Product Tracking # listed on all corresponding forms for that product. For example, when submitting the label for Product Tracking # "5," the acrobat file should be named: *product5.pdf*.

Hardcopy labels: Send a clear, complete, and legible photocopy, or hard copy of a scanned image of the original label written in English (if available). Make sure to write the appropriate Product Tracking # on the label, according to the number listed on all corresponding forms for that product. Attach the label (or photocopy of the label) to the corresponding FORM 3 for the product or product group.

If you have any questions about label submission, feel free to contact ARB staff at (916) 322-7072 or csmrprod@arb.ca.gov.
