Dear Sir or Madam:

The California Air Resources Board (ARB or Board) invites you to join us Thursday, June 1, 2006, in Sacramento, California for a meeting of the Consumer Products Workgroup. This will be the third meeting regarding the development of the consumer products regulations that will be presented to the Board in November 2006. We will be discussing draft regulatory categories and initial draft proposed volatile organic compound (VOC) limits, and other agenda items related to the next regulatory effort.

We plan to hold this meeting at ARB's Monitoring and Laboratory Division Building, 1927 13th Street, Conference Room, in Sacramento. You may attend in person or participate via teleconference. The following information is needed to participate via teleconference:

Date and Time: **Thursday, June 1, at 9:00 a.m. (PDT)**
Call-in Time: **Between 8:45 a.m. and 9:00 a.m.**
USA Toll Free Number: **888-462-1974**
Passcode: **Consumer Products**
Leader: **Trish Johnson**

Please note that you do not need to notify us if you plan to participate via teleconference, however, if you choose to attend in person, please contact Ms. Trish Johnson by e-mail at tjohnson@arb.ca.gov to verify seating availability, no later than Friday, May 26. In the e-mail, please provide your company name, phone number, and number of people attending.

Approximately one week prior to the workgroup meeting we expect to post at the consumer products website <http://www.arb.ca.gov/consprod/regact/cpwg2006/cpwg2006.htm>, an agenda, the draft regulatory categories, and initial draft proposed VOC limits. Once these items have been posted, a List Serve e-mail will be sent to subscribers announcing that the handouts have been posted. We will provide an opportunity to discuss these materials at the workgroup meeting. If you have not done so already, you can subscribe to the Consumer Products Program List Serve at <http://www.arb.ca.gov/listserv/consumer-products/consumer-products.htm>.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
