

CONSUMER PRODUCTS PROPOSED MEETING AGENDAS

September 27, 1995

Dear Sir or Madam:

We have scheduled several Consumer Products meetings for October 17 and 18, 1995 in Sacramento. On Tuesday, October 17, 1995, the California Air Resources Board (ARB) staff will hold the second meeting of the Consumer Products Working Group (CPWG). As you know, as part of our commitment in the State Implementation Plan, the ARB formed the CPWG to act as an advisory group on the development of consumer products control strategies. At the meeting we will discuss the status of the consumer products regulatory and implementation activities.

Following the working group meeting, the Reactivity Subgroup will convene. The CPWG formed the Reactivity Subgroup at its initial meeting in April 1995. The first meeting of the Reactivity Subgroup, held on July 11, 1995, served as an informational and organizational meeting. At the second meeting, we will begin the process of exploring preliminary reactivity-based concepts.

The Reactivity Subgroup will reconvene on Wednesday, October 18, 1995 and the ARB staff will present a summary of draft Method 310. The ARB's Monitoring and Laboratory Division (MLD) will soon be releasing the latest draft version of Method 310, which will be used to determine the volatile organic compound content in consumer products. Those already on MLD's test method mailing list will automatically receive a copy of draft Method 310. If you are not on the mailing list, you can request a copy by contacting Ms. Elizabeth Madrigal or Ms. Carolyn Ballou at (916) 263-1630 or by sending a fax. The fax number is (916) 263-2067.

Following the test method presentation, the Ad Hoc Categories Committee of the CPWG Mid-term Measures Subgroup will hold a meeting. Material for the Ad Hoc Categories Committee meeting will be sent to the committee members under separate cover. Please call Ms. Barbara Fry, Manager, Measures Development Section, at (916) 322-8267 for more information about the committee meeting.

The itinerary is as follows:

You may confirm with Ms. Doris Rausch, Implementation Section, at (916) 327-1529 or by fax or mail, using the enclosed form.
