 U = Unclassified

These designations reflect the year in which the area designation was made, generally based on data from the previous three-year period.

* State area designations were not changed in this year and no Staff Report was submitted.

** State area designations changed only by operation of law and no Staff Report was submitted.

In June 2002, the ARB adopted a new State standard for PM2.5. The ARB first designated areas for PM2.5 in 2003.

- (1) California Code of Regulations, title 17, section 60200(b).
- (2) California Code of Regulations, title 17, section 60200(c).
- (3) California Code of Regulations, title 17, section 60200(a).

*There is one State standard for PM2.5, an annual arithmetic mean of 12 micrograms per cubic meter, not to be exceeded.
 There is no separate State 24-hour standard.*
