

Label for the Cleaire LongMile System
Relating to Executive Order Series DE-10-004

Effective Date: December 8, 2011

Notes:

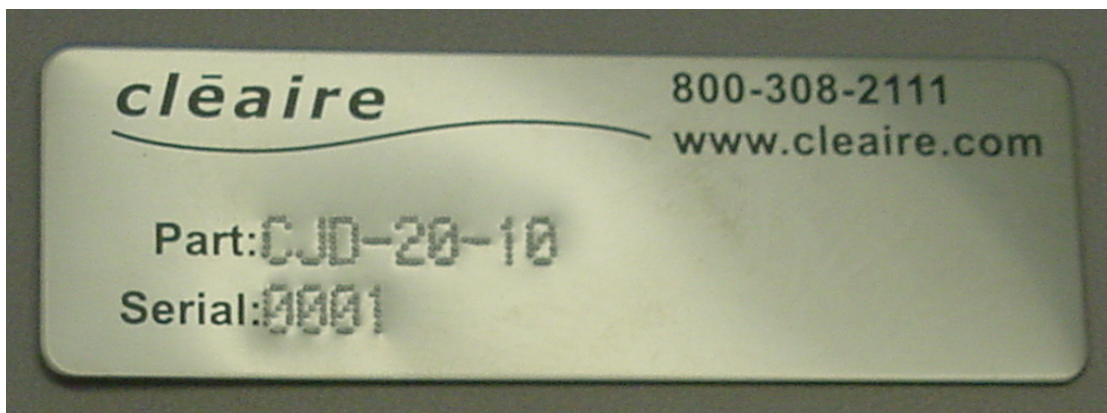

- Month and year of manufacture are not included. This information is readily obtained from Cleaire by reference to the serial number.
- The labels that are attached to the LongMile and engine are identical. The figures below illustrate typical installations: one on the electronic controller's wiring harness, the other on an engine stud.

Note: For illustrative purposes only. Please disregard the content on the labels shown in the photographs.

Additional System Labels

A label following the format of the sample below is permanently attached to the diesel oxidation catalyst:

A label following the format of the sample below is permanently attached to the outer wall of the containment which surrounds the filter:
