Such direction need not be made at a meeting of the Hearing Board. The chairperson or any two members, without a meeting, may require the petitioner to state further facts or reframe a petition so as to disclose clearly the issues involved.
- 3.4 Withdrawal of Petition:** The petitioner may, by giving notice to the Hearing Board, withdraw the petition at any time prior to the time set for a hearing thereof, without a hearing or meeting of the Hearing Board. The Hearing Board shall notify all interested persons of such withdrawal.

**3.9 Representation by Counsel:** A party in any Hearing Board proceeding may be represented by legal counsel, but this is not mandatory. If a party elects to proceed without legal counsel, this does not entitle such party to a rehearing. A party requesting relief in a Hearing Board proceeding must appear in person or by legal counsel or other qualified representative. Appearing without counsel does not relieve the party from any requirement of the Rule.

**3.10 Affidavits**

**3.10.1** At any time ten (10) or more days prior to a hearing or a continued hearing, any party may mail or deliver to the opposing party a copy of any affidavit, which he proposes to introduce in evidence, together with proper notice.

**3.10.2** Unless the opposing party, within seven (7) days after such mailing or delivery, mails or delivers to the proponent a request to cross-examine an affiant, his or her right to cross-examine such affiant is waived and the affidavit, if introduced in evidence, shall be given the same effect as if the affiant had testified orally.

**3.10.3** If an opportunity to cross-examine an affiant is not afforded after request therefore is made as herein provided, the affidavit may be introduced in evidence, but shall be given only the same effect as other hearsay evidence.

**3.10.4** Notice shall be given substantially in the following form: "The accompanying affidavit of (here insert name of affiant) will be introduced as evidence at the hearing (here insert title of proceeding). (Here insert name of affiant) will not be called to testify orally and you will not be entitled to question him or her unless you notify (here insert name of proponent or his or her attorney) at (here insert address) that you wish to cross-examine him or her. To be effective, your request must be mailed or delivered to

(here insert name of proponent or his or her attorney) on or before (here insert a date seven days after the date of mailing or delivering the affidavit to the opposing party.)"

**3.11 Failure to Appear**

**3.11.1** Where an Applicant for a variance fails to appear for a hearing after notice of time and place has been given all parties, the Hearing Board may decide the matter upon the application and any briefs of the absent party, and any other evidence received, if any, or dismiss the application.

**3.11.2** Nothing herein shall be construed to deprive the party of the right to make any showing by way of mitigation.

**3.12 Evidence**

**3.12.1** Oral evidence shall be taken only on oath or affirmation.

**3.12.2** Each party shall have these rights: to call and examine witnesses; to introduce exhibits; to cross-examine opposing witnesses on any matter relevant to the issues even though the matter was not covered in the direct examination; to impeach any witness regardless of which party first called him to testify; and to present rebuttal evidence. If respondent does not testify in his or her own behalf he or she may be called and examined as if under cross-examination.

**3.12.3** The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the type of evidence upon which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule, which might make improper the admission of such evidence over objection in civil actions. Hearsay evidence may be admitted for the purpose of supplementing or explaining any direct evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the same extent that they are now or hereafter may be recognized in civil actions. Irrelevant and unduly repetitious evidence shall be excluded.

**3.12.4** The Hearing Board shall allow interested members of the public a reasonable opportunity to testify with regard to a matter under consideration. Interested persons may attend and submit oral or written statements at the hearing; however, it is desirable that written statements be submitted to the Hearing Board five (5) days before the hearing. Statements need not conform to formal rules of evidence. The chairperson may impose reasonable limits on the duration of oral presentations.

**3.12.5** As deemed necessary by the Hearing Board or Hearing Board member, the Hearing Board may examine any person relevant to a particular hearing.

**3.13 Record of Hearing:** Each Hearing Board hearing shall be electronically recorded by the Clerk of the Hearing Board. Any party to the hearing may arrange for a court reporter at the party's expense. The DISTRICT shall retain tapes for at least three (3) years. When a party requests a court reporter, the party shall make a copy of the transcript available for the Hearing Board or Hearing Board member conducting the hearing (Hearing Officer).

**3.14 Preliminary Matters:** Preliminary matters such as setting a date for hearing, granting continuances, approving petitions for filing, permitting amendments thereto and other preliminary matters not determinative of the merits of the case may be determined by the Chairperson or any two members of the Hearing Board without a hearing or meeting of the Hearing Board and without notice.

**3.15 Order of Proceedings:** The order of proceedings before the Hearing Board shall ordinarily be as follows. The Hearing Board may in its discretion alter the order of proceedings as may be desirable to expedite the business of the Hearing Board.

**3.16 Continuance:** The Chairperson or any two members of the Hearing Board shall grant any continuance of up to 45 days, which is concurred in by petitioner, the APCO and by all other persons who are party to the action. This action may be taken without a meeting of the Hearing Board and without prior notice. This does not preclude the Hearing Board from continuing a petition for a period longer than 45 days during or after the duly noticed hearing.

**3.17 Decision:** A quorum of not less than three members of the Hearing Board is required for all decisions. No decision shall be made except in the presence of a quorum and upon affirmative vote by at least three members of the Hearing Board. The decision shall be in writing, served and filed within 30 days after signature by the Hearing Board members and shall contain: a brief statement of facts found by the Hearing Board to support the findings required by Sections 4.3, 5.3, 6.3, and 7.3 of this Rule, a determination of the issues presented, and the Order of the Hearing Board. A copy shall be mailed or delivered to the APCO, the petitioner and to every person who has appeared as a party in person or by counsel at the hearing. Decisions granting, modifying, or otherwise affecting a variance shall be mailed to the California Air Resources Board (CARB) within 30 days after signature by the Hearing Board members.

**3.18 Effective Date of Decision:** The decision shall become effective upon affirmative vote of the Hearing Board unless otherwise specified.

**4 EMERGENCY VARIANCES:** Notwithstanding the above, the following specific items apply to Emergency Variances.

**4.1 Specific Contents of Petition:** An Applicant may file a petition for an Emergency Variance by filing a written petition to the Clerk of the Hearing Board and paying a fee as set forth in Rule 504 of these Rules and Regulations. The filing shall explain in detail the grounds for the request, including such information as the foreseeability of the cause of the emergency, whether the Applicant has used good maintenance practices and whether the Applicant's violations are due to conditions beyond its reasonable control. This initial filing does not in itself constitute a variance and provides no assurance of protection from enforcement action.

**4.2 Notice of Hearing:** An Emergency Variance may be granted without notice and hearing or, at the discretion of the Hearing Board, a hearing may be held.

**4.3 Determination of Variance Findings**

**4.3.1** When a written notification requesting an Emergency Variance has been received, the Clerk of the Hearing Board shall, as soon as is practicable, schedule a telephone conference call hearing on the application with one member of the Hearing Board.

**4.3.2** The Hearing Board member conducting the hearing (Hearing Officer) will call the meeting to order, will obtain the names of persons participating in the hearing for the record and will swear in all persons wishing to provide testimony.

**4.3.3** After receiving testimony and other evidence, the Hearing Officer may grant the request based on good cause, or deny the request at that time, may obtain further information orally or in writing from the Applicant or the APCO before acting on the request, or may

defer the matter for later consideration by the full Hearing Board. Such hearing shall be held within thirty (30) calendar days.

**4.3.4** If the Applicant is not a participant in the hearing, the Applicant will be notified orally by the Hearing Board Clerk of the decision on the request for Emergency Variance. If an Emergency Variance is granted, the Clerk will notify all other Hearing Board members as soon as possible but no later than 48 hours from the time of the decision.

**4.3.5** If, within this 48-hour period, any Hearing Officer notifies the Clerk of the Hearing Board that he or she wishes to convene a hearing upon the Emergency Variance so granted, the Clerk, after consultation with the Chairman, shall schedule a hearing within thirty (30) calendar days and shall notify all Hearing Board members, the Applicant, and the DISTRICT. The purpose of such hearing shall be to review the issuance of the Emergency Variance and to consider whether it should remain in effect as ordered, be modified, or be terminated. Any such modification or termination, however, shall not be retroactive.

**5 VARIANCES OTHER THAN EMERGENCY VARIANCES:** Notwithstanding the above, the following specific items apply to Variances other than Emergency Variances.

**5.1 Specific Contents of Petition:** In addition to the requirements set forth in Section 3.2 of this Rule, petitions for variances shall state briefly:

**5.1.1** The Section, Rule or Order that will be violated if a variance is not granted.

**5.1.2** That due to conditions beyond the reasonable control of the petitioner, requiring compliance with the Sections, Rule, or Order will result in either an arbitrary or unreasonable taking of property, or the practical closing and elimination of lawful business.

**5.1.3** The facts showing that the closing or taking will be without corresponding benefit in reducing air contaminants.

**5.1.4** The consideration given to curtailing operations in lieu of obtaining a variance.

**5.1.5** The final compliance date and increments of progress if the requested variance period exceeds one year, or if requested by the APCO.

**5.1.6** The conditions associated with the individual increments of progress; including, but not limited to, increments of progress schedules, operating parameters, and reporting requirements.

**5.1.7** Estimation of excess emissions and proposed actions which will reduce excess emissions to the maximum extent feasible during the variance period.

- 5.1.8 The advantages and disadvantages to the residents of the district resulting from requiring compliance or resulting from granting a variance.
- 5.1.9 Procedures, methods, and equipment used to quantify emission levels from the source during the variance period, subject to approval and reporting requirements of the APCO.
- 5.1.10 Whether or not operations under such variance, if granted, will constitute a nuisance.
- 5.1.11 Facts demonstrating past diligence in trying to comply with applicable standards.

## 5.2 Notice of Hearing

### 5.2.1 Regular Variance Petitions Longer than 90 Days and Final Compliance Date Modifications

5.2.1.1 Notice shall be given to all other districts in the Sacramento Valley Air Basin, CARB, the U.S. Environmental Protection Agency (EPA), and every other person requesting such notice, not less than 15 days prior to such hearing.

5.2.1.2 The notice shall also be published in at least one daily newspaper of general circulation not less than 15 days prior to such hearing.

5.2.2 **90-Day Variance and Increments of Progress Modifications:** Notice shall be given to all other districts in the Sacramento Valley Air Basin, CARB, and EPA not less than 10 days prior to such hearing.

5.2.3 **Interim Variance and Interim Authorization to Modify Increments of Progress:** Reasonable notice shall be given prior to such hearing. The DISTRICT defines reasonable notice as a written notice displayed in a place accessible to the public on DISTRICT premises at least three days (3) prior to the public hearing.

5.2.4 **All Other Hearings:** Notice shall be published in at least one daily newspaper of general circulation not less than 10 days prior to such hearing.

5.3 **Determination of Variance Findings:** No variance shall be granted unless the Hearing Board makes all of the following findings:

5.3.1 That the petitioner for a variance is, or will be, in violation of HSC Section 40701, or any Rule, Regulation or Order of the DISTRICT.

5.3.2 That, due to conditions beyond the reasonable control of the petitioner, requiring compliance would result in either:

5.3.2.1 An arbitrary or unreasonable taking of property,

5.3.2.2 or the practical closing or elimination of a lawful business. In making those findings where the petitioner is a public agency, the Hearing Board shall consider whether or not requiring immediate compliance would

impose unreasonable burden upon an essential public service. For purposes of this paragraph, an essential public service means a prison, detention facility, police or firefighting facility, school, health care facility, landfill gas control or processing facility, sewage treatment works, or water delivery operation, if owned and operated by a public agency (HSC Section 42352(a)(2)).

- 5.3.3** That closing or taking required by Section 5.3.2 above would be without corresponding benefit to air quality.
- 5.3.4** That the applicant has given consideration to curtailing operations in lieu of obtaining a variance.
- 5.3.5** During the period that the variance is in effect, that the applicant will reduce excess emissions to the maximum extent feasible during the variance period.
- 5.3.6** The applicant will monitor or otherwise quantify the emission levels from the source during the variance period, and report these emission levels to the DISTRICT pursuant to a schedule established by the DISTRICT, if requested to do so by the DISTRICT.
- 5.3.7** As used in this Section, a public agency means any State agency, board, or commission, any county, city and county, city, regional agency, public district, or other political subdivision (HSC Section 42352).
- 5.3.8** That an effective variance period has been specified including:
  - 5.3.8.1** Initial effective date,
  - 5.3.8.2** final compliance date, and
  - 5.3.8.3** schedule of increments of progress for variance periods exceeding one year, and, if requested by the APCO at the discretion of the Hearing Board, variance periods less than one year. The Hearing Board may also impose reporting requirements showing compliance with a schedule of increments of progress, or compliance with an emissions curtailment or reporting plan.
- 5.3.9** That the Applicant agrees to post a bond, if required by the Hearing Board as a condition of the variance, to assure performance of any construction, alteration, repair, or other work required by the variance. The bond may provide that, if failure to perform the required work by the agreed date, the bond shall be forfeited as provided in HSC Section 42355.

**6 PRODUCT VARIANCES:** Notwithstanding the above, the following specific items apply to Product Variances.

**6.1 Specific Contents of Petition:** In addition to the requirements set forth in Section 3.2 and 5.1 of this Rule, petitions for Product Variances shall state briefly:

- 6.1.1** The facts showing that the petitioner exercised due diligence in attempting to locate, research, or develop a product that is in compliance with DISTRICT Rules and Regulations (HSC Section 42368).
- 6.1.2** A proposed written notice that is to be furnished to any retailer, distributor or purchaser of the product for the duration of the variance. The notice shall contain the following information (HSC Section 42368):
  - 6.1.2.1** That the product is being sold pursuant to a Product Variance granted by the DISTRICT Hearing Board.
  - 6.1.2.2** The beginning and ending dates of the Product Variance.
  - 6.1.2.3** Any conditions to be set forth in the Product Variance which might reduce excess emissions to the extent feasible.

**6.2 Notice of Hearing:** Notice shall be given in accordance with Section 5.2.1 or 5.2.2 of this Rule, whichever is applicable.

**6.3 Determination of Variance Findings:** No Product Variance shall be granted unless the Hearing Board makes all of the following findings (HSC Section 42368):

- 6.3.1** The facts substantiating that the manufacture, distribution, offering for sale, sale, application, soliciting the application, or use of the product is, or will be, in violation of a Rule, Regulation, or Order of the DISTRICT.
- 6.3.2** Due to conditions beyond the reasonable control of the petitioner, requiring compliance would result in either (A) an arbitrary or unreasonable taking of property, or (B) the practical closing and elimination of a lawful business.
- 6.3.3** The taking or closing would be without a corresponding benefit in reducing air contaminants.
- 6.3.4** The petitioner exercised due diligence in attempting to locate, research or develop a product that is in compliance with DISTRICT Rules and Regulations.
- 6.3.5** During the period that the Product Variance is in effect, the petitioner shall quantify any excess emissions to the maximum extent feasible and report the emission level to the DISTRICT, if requested by the DISTRICT.
- 6.3.6** Verification that during the duration of the variance the appropriate and approved notice shall be provided to any retailer, distributor or purchaser of the product who is located in the district.

- 7.2 Notice of Hearings:** In addition to the notice requirements set forth in Section 3.6 of this Rule the following shall apply:
- 7.2.1** For petitions regarding permits, notice shall be published in at least one daily newspaper of general circulation not less than 10 days prior to such hearing.
  - 7.2.2** For petitions regarding ERCs, reasonable notice shall be given prior to such hearing. The DISTRICT defines reasonable notice as a written notice displayed in a place accessible to the public on DISTRICT premises at least three days (3) prior to the public hearing.
- 7.3 Findings and Decision**
- 7.3.1** A permit may be revoked pursuant to HSC Section 42309 if the Hearing Board finds any of the following:
    - 7.3.1.1** The permittee has failed to correct any conditions required by the APCO.
    - 7.3.1.2** A refusal of a permit would be justified.
    - 7.3.1.3** Fraud or deceit was employed in obtaining the permit.
