PART 1 GENERAL

1.1 Purpose

The purpose of this Rule is to provide clarity on the District’s enforcement authority for the National Emission Standards for Hazardous Air Pollutants by incorporating those provisions of Parts 61 and 63, Chapter I, Title 40 of the Code of Federal Regulations (40 CFR Parts 61 & 63) into this Rule by reference.

1.2 Applicability

All new stationary sources of air pollution, and all modified or reconstructed stationary sources of air pollution shall comply with the standards, criteria, and requirements set forth herein. Whenever any source is subject to more than one rule, regulation,

provision or requirement relating to the control of any air contaminant, the most stringent provision shall apply.

1.3 Exemptions

As noted in each subpart's applicability section.

1.4 Effective Dates

This Rule as most recently revised is effective on January 15, 2003.

1.5 References

The authority for this Rule arises from the provisions of California Health and Safety Code Sections 40001 and 40702.

PART 2 DEFINITION

For the purpose of this Rule, the definition below shall apply.

2.1 Administrator

The word "Administrator" as used in 40 CFR Parts 61 and 63 shall mean the Air Pollution Control Officer (APCO) of the District, except where the reference to "Administrator" relates to approval of alternate or equivalent test methods or alternative work practices.

PART 3 REQUIREMENTS

3.1 Incorporation of Federal Standards

The provisions of Parts 61 and 63, Chapter I, Title 40 of the Code of Federal Regulations (40 CFR Parts 61 & 63), as identified in Section 3.2 below, are incorporated herein as part of the Rules and Regulations of the Monterey Bay Unified Air Pollution Control District.
