Effective Dates

This Rule, as most recently revised, is effective on July 1, 2015.

Effective July 1, 2015, all District fees contained in this Rule shall be adjusted (rounded to the nearest half dollar) by the prior calendar years annual Revised Consumer Price Index (CPI) for All Urban Consumers as published by the United States Department of Labor, Bureau of Labor Statistics for All Consumers for the San Francisco statistical area. Notwithstanding the foregoing, in no event shall the permit fee be decreased and in no event shall any increase exceed 4% per annum, without formal action by the Air Pollution Control Board.

Pursuant to Rule 300 (District Fees), fees shall be determined from the subsequent schedules. Schedule 4, 5 and 6 fees are in addition to fees from Schedules 1, 2 and 3.

REGULATION III
FEES**

Schedule 1
General Permit Fees

Any article, machine, equipment or other contrivance for which a permit is required and which is not Equipment Which Has Lost Permit Exemption (Schedule 2) or Gasoline Dispensing Equipment (Schedule 3) shall be assessed a permit fee of \$814. However, if the Air Pollution Control Officer determines that the revenue provided by this Rule does not fairly represent the District's costs in processing the subject permit application, the Air Pollution Control Officer shall assess a permit fee based on the actual costs incurred by the District in processing the application at a rate of \$134 per hour of District staff time expended, which shall be rounded to the nearest whole hour.

Schedule 2
Administrative Amendment

Any permit that requires an administrative amendment shall be assessed a permit fee of \$264. However, if the Air Pollution Control Officer determines that the revenue provided by this Rule does not fairly represent the District's costs in processing the subject permit application, the Air Pollution Control Officer shall assess a permit fee based on the actual costs incurred by the District in processing the application at a rate of \$134 per hour of District staff time expended, which shall be rounded to the nearest whole hour.

Schedule 3
Equipment Which Has Lost Permit Exemption

Any article, machine, equipment or other contrivance for which a permit exemption has been lost due to revision to District Rule 201 (Sources not Requiring Permits) shall be assessed a permit fee of \$264. However, if the Air Pollution Control Officer determines that the revenue provided by this Rule does not fairly represent the District's costs in processing the subject permit application, the Air Pollution Control Officer shall assess a permit fee based on the actual costs incurred by the District in processing the application at a rate of \$134 per hour of District staff time expended, which shall be rounded to the nearest whole hour.

Schedule 4
Gasoline Dispensing Facilities

The fee shall be determined as follows:

Phase I

**MONTEREY BAY UNIFIED AIR POLLUTION CONTROL DISTRICT
