

Rule 204 Ignition Devices and Methods
(Adopted and Re-codified July 18, 2003)

RULE 204 CONTENTS

- 1.0 IGNITION DEVICES
- 2.0 FIELD CROP IGNITION METHODS

RULE 204
IGNITION DEVICES AND METHODS

- 1.0 IGNITION DEVICES.** All vegetative wastes to be burned shall be ignited only with approved ignition devices as defined in Rule 200.
- 2.0 FIELD CROP IGNITION METHODS.** Rice, barley, oat and wheat straw shall be ignited only by strip firing or by backfiring except under a special condition of the District issued when and where extreme fire hazards are declared by a local, state or federal public fire protection agency, or where crops are determined by the Air Pollution Control Officer not to lend themselves to these techniques.
